### **G.12/7/19 REVIEW OF COUNCIL POLICY MANUAL REPORT 2 (SG) (REPORT 1)**

The City's Policy Manual provides Council and City staff with guidelines covering a wide range of topics and issues, and enables the community to be aware of Council's approach and reasoning in certain matters and decisions.

The Local Government Act s.2.7(2)(b) prescribes that Council determine its policies. It is considered good governance to ensure policies are reviewed every few years to ensure they remain clear and concise and meet the City's' strategic direction.

A comprehensive review of all policies contained within the City of Mandurah Policy Manual commenced in 2018, which identified that a large proportion of policies were redundant for a variety of reasons such as containing outdated or duplicated information or they provided a layer of unnecessary red-tape in the organisation.

At the conclusion of the review, an initial report was submitted to Council in June 2019 seeking the revocation of 38 policies. This second report serves to inform Council of the outcome of the remaining policies that have been reviewed and amended (as necessary) and requests Council adopt these changes.

Councillor Lynn Rodgers moved, Councillor Wortley seconded the report recommendation. Discussion ensued as to intent and meaning of some changes to various policies. With the consent of the mover and seconded it was agreed that the following policies would be removed for further review:

- POL CMR09 Donations to Charitable & Not For Profit Organisations

**G.14/7/19 ACCESS AND INCLUSION PLAN: 2018/19 PROGRESS REPORT AND DEVELOPMENT OF A 2020/2025 ACCESS AND INCLUSION PLAN (PG/TH) (REPORT 3)**

It is a requirement of the WA Disability Services Act 1993 (amended 2004) that public authorities lodge annual reporting to the State Government's Disability Services Commission (DSC). With the current Access and Inclusion Plan (AIP) now approaching its final year, this report highlights the progress of the Plan for 2018/19, and reflects back on the achievements and challenges of the AIP as a whole. In addition, this report sets priority actions for 2019/20, including community engagement strategies to support the development of the 2020 – 2025 AIP, and seeks Council endorsement.

In November 2015, Council adopted the AIP 2015 – 2020. Key projects for the 2018/19 period included:

- The City was awarded the inaugural Most Accessible Communities in Western Australia (MACWA) Award for the Regional City category.
- The Socially Inclusive Communities Western Australia (SICWA) partnership project with Inclusion Solutions was implemented.
- Significant beach accessibility upgrades and awareness raising initiatives were implemented.
- Parks and reserve upgrades and redevelopments included various universal design elements and included extensive community engagement with people from the community living with disabilities.
- Installation of an accessible lift and additional access ramp at Mandurah Performing Arts Centre making the facility more accessible and inclusive experiences for staff, patrons and performers living with disabilities that affect mobility.
- Mandurah Libraries expanded on an already significant program of 'Dementia Friendly' initiatives by further developing their programs, staff training and relationships with key stakeholders.
- Co-Design workshops were offered to community facilitated in partnership with People with Disabilities WA (PwDWA).

In 2019/20, while continuing to implement the outcomes of the current AIP, there will be a strong focus on strategic community engagement to feed into the development of the Access and Inclusion Plan 2020-2025. The City will employ an Access and Inclusion Consultant qualified in Co-Design practices to support this process and ensure a substantial depth of community engagement is attained. **G.15/7/19 APPOINTMENT OF COMMUNITY REPRESENTATIVES TO MANDURAH ENVIRONMENTAL ADVISORY GROUP (BB) (REPORT 4)**

Due to resignations, the Mandurah Environmental Advisory Group (MEAG) no longer has representation from environmental volunteers therefore a call for nominations was made in June 2017 in an attempt to fill the two available vacancies.

Three nominations have been received and Council is being requested to appoint two of these nominations to the MEAG after considering all nominations along with the provided background and strengths each nominee has provided.

It was highlighted that more nominations had been received than places available and as such a ballot would need to be undertaken.

Following the conduct of the ballot, the Chief Executive Officer announced to the meeting the names of the successful two candidates appointed to the Mandurah Environmental Advisory Group with a term expiring 18 October, 2019.

MOTION: Petr Rodgers / M Darcy

**G.16/7/19 DESIGN REVIEW GUIDE: CITY OF MANDURAH APPROACH TO DESIGN REVIEW PANELS (NL) (REPORT 5)**

Planning reform in WA has identified the need for initiatives and actions to improve design and development across the State, now being delivered as 'Design WA'. The Minister for Planning has recently released the first stage of Design WA, being:

- State Planning Policy No. 7.0: Design of the Built Environment
- State Planning Policy No. 7.3: Residential Design Codes Volume 2 – Apartment Design
- Design Review Guide.

These policies became operational on 24 May 2019.

This report focusses on the design review process and considers whether the City of Mandurah should establish a design review panel.

It is considered that the establishment of a City of Mandurah design review panel is not warranted at this time given the additional guidance now available within the planning framework to assist with assessments, the in-house skills currently available within the organisation and the nature of the planning proposals currently being considered by the City. Rather, a flexible approach to seeking design review advice on a case by case basis, where necessary, is considered appropriate.

It is therefore, recommended that Council does not proceed to establish a design review panel but that Council endorse its position in terms of the circumstances where independent, third party design review advice may be sought.

MOTION: Peter Rogers / P Jackson

**That, arising from the release of the Western Australian Planning Commission's Design Review Guide, that Council:**

1. **Does not pursue the creation of a Local Design Review Panel at this time;**
2. **Adopts an approach whereby the 'Local Government 'as required' Design Review Consultant' option is utilised, where independent, third party design review advice may be sought in the following circumstances:**
  - **Proposals for buildings that are 5 or more storeys in height;**
  - **Structure plans, planning strategies, design guidelines or Amendments to the Local Planning Scheme (as determined by the Manager of Planning and Land Services); and**
  - **Any proposals which would benefit from the design review process due to their scale, context or level of community interest (as determined by the Manager of Planning and Land Services).**

#### **G.17/7/19 CAT MANAGEMENT AND LOCAL LAW 2019 (BI) (REPORT 6)**

Key actions from the group included the development of a cat local law for the City, identification of necessary changes to the *Cat Act 2011*, a reviewed process of cat management on and around priority sites including an education campaign to raise awareness about the need for sterilisation, registration and chipping and also the value of cat containment.

The proposed Cat Local Law 2019 that has been drafted will assist the City in effectively controlling and regulating the issue of cats within the City.

**Purpose:** To make provisions about the keeping of cats, to control the number of cats that can be kept, the places where cats can be kept and prescribe areas in which cats are prohibited.

Council approval is sought to adopt the newly drafted proposed Cat Local Law 2019 for advertising giving particular attention to the proposed prohibited areas. Council is also requested to approve further recommendations of the City of Mandurah Cat Working Group.

**G.21/7/19 COMMUNITY DEVELOPMENT REVIEW (TF) (REPORT 1)**

A review of the City's Community Development section has been undertaken. The City undertakes much positive work within this section of the business from which the community benefits.

Most significantly it has been identified that the Mandurah community may benefit from Council having an adopted advocacy position on the services and programs which would address the identified social challenges within our community. These advocacy position papers would then be used to seek additional State and Federal government funding for the services of programs which would assist our community. Linked to this is the City's role within

educate / workforce development, which it is recommended subject to a further report to Council.

In terms of the operations of the City it is proposed that Community Safety be incorporated into the Community Capacity Building team, that a place based community capacity model be adopted, whereby the community is empowered. The City will also strengthen its role as the co-ordinator of bringing the community services sectors together to allow for greater collaboration.

MOTION: R Wortley / S Jones

**That Council:**

1. **Acknowledges that evidence based advocacy papers will be prepared to seek additional funding for services and programs within Mandurah to address social disadvantage within Mandurah.**
2. **Note that as a result of the review of the City's Community Development function the following practices will be put into place;**
  - 2.1. **Community Safety Team will be incorporated into the Community Capacity Building Team**
  - 2.2. **A place based community capacity building model will be adopted by the City**
  - 2.3. **Programs provided by the City will be modified to embrace a community led approach**
  - 2.4. **The City role with the wider community services sector will be one of a facilitator to assist with co-ordination and collaboration.**
3. **Acknowledges that a further report will be presented to Council outlining the City's approach to education / workforce development.**

**MOTIONS OF WHICH NOTICE HAS BEEN GIVEN [AGENDA ITEM 20]**

**G.25/7/19 COUNCILLOR KNIGHT: COMMUNITY GARDENS**

The reason for putting forward this Motion is because nationally, community gardening is recognised to provide many benefits for local people, including community inclusiveness, information sharing, recreational activity and the development of a sustainable urban environment.

It is intended that these unique forms of open space will be accessible to everyone, and provide a place where everyone can participate. The community gardens will be self-managed by community gardening groups, with a toolkit being developed (similar to that applied for the Embrace a Space program) that will encourage and assist with the establishment of other community gardens around the city.

MOTION: C Knight / Lynn Rodgers

**That:**

- 1 Council supports the Lakelands Community Garden Group to establish a community garden in Lakelands.**
- 2 A community led model be applied, so as to align with one of Council's 4 pillars (i.e. community to be involved in, and part of, the solutions we provide).**
- 3 As part of the project, a community gardens toolkit be developed, that captures learnings from the project that can be applied for future projects.**

#### **SP.3/7/19 G GIBBS: RATE CHARGES FOR LATITUDE LAKELANDS**

Mrs Gibbs requested clarification as to the difference between the Royal Australian Air Force Association (RAAFA) villages and Latitude Village and why RAAFA did not pay rates. Mrs Gibbs also asked if the Latitude Village rates could be reduced.

The Acting Director Corporate Services outlined how the Local Government Act regulates that property utilised for charitable purposes is exempt from paying rates. The RAAFA village is operated as a charitable organisation and therefore claim exemption under the Act. The City has challenged this ruling in both the State Administrative Tribunal and Supreme Court however the Supreme Court has ruled against the City and the RAAFA village is thereby exempt from paying rates.

The Acting Director Corporate Services offered to meet with Mrs Gibbs and discuss the rating process in relation to houses within the Latitude Village.

**SP.5/7/19 WASTE ALLIANCE BUDGET FOR 2019/20 (DP) (REPORT 1)**

The City operates its waste management services in an Alliance with its commercial partner, Cleanaway Pty Ltd. The contractual arrangement has enabled the City to participate in the financial performance of the contract and to work with its Alliance partner to develop and refine services.

Over the years, the City has been able to demonstrate that it has obtained value for money from this arrangement. In 2019/20 it has been possible to limit costs per household to an increase of 1.9% when compared with the prior year.

Council is requested to endorse the 2019/20 Waste Alliance budget and note the inclusion of a household waste management charge of \$273 being an increase over the prior year of \$5.

Councillor Jones moved the report recommendation which was seconded by Councillor Wortley. Benefits of the Waste Alliance were touched upon noting the cost savings achieved to both the City and ratepayers.

RESOLVED: S Jones / R Wortley

**That Council:**

- 1. Endorses a Waste Management fee of \$273 per service for 2019/20.**
- 2. Endorses the Waste Alliance budget for 2019/20.**

CARRIED ABSOLUTELY: 10/0

**SP.6/7/19 ADOPTION OF THE CITY'S BUDGET, RATES AND FEES AND CHARGES  
SCHEDULE FOR 2019/20 (PB) (REPORT 2)**

The City has prepared its draft budget for 2019/20. The following key matters have been identified:

- Demand for capital expenditure continues to grow. The continued development of Lakelands District Open Space, various road upgrade projects, and development of the Eastern and Western Foreshores and Smart Street Mall, are outlined in the 2019/20 Draft Budget. With Capital Expenditure of \$39.7 million, significant resources have been allocated for the City's key assets.
- Mandurah faces a range of economic issues which are interlinked. These include, but are not limited to, the lack of employment opportunities and the need to attract economic investment. In recommending an average rate increase of 2.5%, the City recognises that, although its capacity to create major job growth and investment may be limited, it nevertheless has a significant role to play both in direct economic investment and in creating the type of environment which will stimulate businesses to establish and grow, and tourists to visit and spend. The budget establishes economic expenditure programmes, including capital investment, designed to deliver both medium and long-term outcomes.
- Delivering existing level of services, economic investment, and provide asset management and community infrastructure investment. The budget has been prepared acknowledging both the current economic conditions and the priorities for expenditure, particularly in economic development, identified during community consultation.

Taking into account these factors, an average rates increase of 2.5% has previously been advertised for community feedback. Council is now requested to adopt the 2019/20 budget together with the differential and minimum rates and Specified Area Rates for that year.

Councillor Jackson moved, Councillor Wortley seconded, the report recommendation. Elected Members discussed areas of involvement by the Local Government, such as crime prevention and economic development, which are not traditional local government responsibilities. Increased involvement in these areas was benefitting the community as a whole. Areas such as economic development were aimed at reducing unemployment and under-employment, festivals and events being coordinated to create a vibrant and interesting place to live and work for everyone.

RESOLVED: P Jackson / R Wortley

**That Council\*:**

- 1. Adopts the following rates in the dollar and Objects and Reasons for 2019/20:**

	<b>Rates \$</b>	<b>Minimum \$</b>
• Residential improved	<b>0.09594</b>	<b>1,108.00</b>
• Residential vacant	<b>0.16300</b>	<b>917.00</b>
• Business improved	<b>0.09783</b>	<b>1,108.00</b>
• Business vacant	<b>0.16560</b>	<b>1,108.00</b>
• Urban development	<b>0.13059</b>	<b>1,108.00</b>

***Objects and reasons for differential rates***

***An overview  
of rating***

***Legislation***

***Please note that all references are to the Local Government Act 1995.***

***Basis of rates (S. 6.28)***

The key element of rating is the establishment of land values. To achieve this, the Minister for Local Government must determine whether the predominant use of land is for rural or non-rural purposes. The categories of land values are:

- Use for rural purposes--- valuation is on the basis of the unimproved value (UV) of the land.
- Use for non-rural purposes – the gross rental value (GRV) of the land.

The Minister has previously determined that land use in the City of Mandurah is predominantly for non-rural purposes and all properties are valued on a GRV basis<sup>1</sup>.

***Rates and service charges (S. 6.32)***

When it adopts its budget the City must seek funding by imposing a general rate on all properties. This is expressed as a rate in the dollar (RID) which, when multiplied by the GRV's for properties determines the amount of money raised. This RID can be applied:

- Uniformly, through the application of a single rate in the dollar for all types of property.
- Differentially, by applying different rates to certain types of property.

***Differential general rates (S. 6.33)***

Differential rates can be imposed on land which has one, or a combination of, the following characteristics:

- The purpose for which a land is zoned (e.g. residential, commercial).
- A purpose for which land is held or used as determined by the local government.
- Whether or not the land is vacant land.

**A local government cannot impose a differential rate which is more than twice the lowest rate without the approval of the Minister for Local Government.**

---

<sup>1</sup> The Gross Rental Value of a property is the amount of annual rental which the Valuer General determines the property would earn if it were offered on an open rental market.

***Minimum payment (S. 6.35)***

**A local government can impose a minimum rate. If, for an individual property, the GRV multiplied by the rate in the dollar is less than the minimum rate, the minimum rate is payable.**

**A local government cannot impose a minimum rate on more than 50% of properties in each category. The exception to this is vacant land where, with Ministerial permission, this can be exceeded.**

**Giving notice of rates to be imposed (S. 6.36)**

**Before a local government can impose differential rates for the year it must firstly advertise:**

- **Details of each RID and minimum payment to be imposed.**
- **An invitation for a submission to be made by an elector or ratepayer in respect of this and any related matters within 21 days.**
- **Where and how this document may be viewed.**

**All submissions received must be considered by Council prior to the rates being imposed.**

**Objects and reasons for the City's 2019/20 proposed differential rates**

**The City proposes to impose differential general rates to all gross rental values in its district according to one or a combination of:**

- **The purpose for which land is zoned.**
- **Whether or not the land is vacant land.**

**The following rate categories have been assigned to properties:**

<b>Improved land</b>	<b>Vacant land</b>
<b>Residential improved Business improved</b>	<b>Residential vacant Business vacant Urban development</b>

**The City also imposes a minimum payment to recognise that properties must contribute a minimum amount for the provision of services and infrastructure which benefit all the community.**

***Increase in rates for 2019/20***

**The City proposes to levy a 2.5% increase in the Rate in the Dollar for all categories.**

**The City proposes to levy an average 2.5% increase in rates.**

**In 2019/20, all properties in the City have been subject to a revaluation by the Valuer General. Properties are revalued every three years and the City is required to apply the GRV's provided.**

The effect of the revaluation is that individual property values do not move uniformly. Some values may not change or may even reduce. Others can increase and, in some cases, the increase will be significant.

This means that, although the City is seeking a revenue increase of 2.5%, some properties will experience rate increases of more than this and some will see little change or even a reduction in rates. Because the City is permitted only one RID for each property category, it is not possible to prevent this happening.

*Rates by category*

*Residential improved land – rate in the dollar \$0.09594*

This rate is regarded as the base rate as it represents the most number of properties in the City. This rate aims to ensure that the proportion of rates raised from this category is between 70% and 75% of total rates.

*Residential vacant - rate in the dollar \$ 0.16300*

This rate is set at a higher level as the City wishes to promote the development of all properties to their full potential. This will act to stimulate economic growth and development in the community.

*Business improved - rate in the dollar \$ 0.09783*

This rate is set at a higher level to recognise that certain expenditures in the budget are specifically directed towards the economic development of the City. Examples of this are:

- The Economic Development function which is largely directed towards the encouragement of business to locate in the City and to support business organisations.
- The promotion of tourism.
- Costs related to the general improvement of to the road streetscapes of the entry roads to Mandurah, including landscaping, tree plantings and the provision of pedestrian and cycle paths.

*Business vacant - rate in the dollar \$ 0.16560*

This rate is set at a higher level as the City wishes to promote the development of all properties to their full potential. This will act to stimulate economic growth and development in the community.

*Urban development - rate in the dollar \$ 0.13059*

This rate relates to land held for future development. As with other vacant land rates, this rate is set at a higher level as the City wishes to promote the development of all properties to their full potential.

**Minimum rates**

The minimum rates for 2019/20 are set at:

- |                     |            |               |          |
|---------------------|------------|---------------|----------|
| • Residential       | \$1,108.00 | • Residential | \$917.00 |
| • improved          | \$1,108.00 | • vacant      |          |
| • Business improved | \$1,108.00 |               |          |

The purpose of this Committee Meeting is to discuss and make recommendations to Council about items appearing on the agenda and other matters for which the Committee is responsible. **RESPONSE TO PREVIOUS QUESTIONS TAKEN ON NOTICE [AGENDA ITEM 4]**

Nil.

**PUBLIC QUESTION TIME [AGENDA ITEM 5]**

**CC.1/8/19            K EMERY, HALLS HEAD: ESTABLISHMENT OF A BEACH PATROL SERVICE**

1.        With the knowledge that there are in fact two long term Mandurah ratepayers who own Professional Lifeguard and Water Safety businesses that have been trading for some years now, and with the commitment by Government, so aptly put by Rob Lucas when he said, and I quote "As a Government, we are committed to driving positive economic and jobs growth, increasing productivity and creating an environment that helps local businesses become more competitive on the national and global stage," end quote. Can Councillors tell me how the report on the establishment of a Beach Patrol Service authored by Craig Johnson / Paul Miller and Diana Pollard, to be presented at tonight's meeting is at all compliant with the Local Government (Functions and General) Regulations 1996 which require compulsory public tenders for goods and services with a value totalling over \$150,000? The total value of this tender is approximately \$690,000 or more than 4½ times this maximum amount.

2. Knowing that there are two locally owned business with the backing of the Australian Professional Ocean Lifeguards Association, along with several on the East Coast already doing exactly this type of work, and more than capable of performing the role you require, not only at a reduced cost but utilising more experienced personnel including a current Bondi Lifeguard, with local knowledge and who would commit to training and employing local labour, considering all that together with the recently released final report of the Productivity Commission's Inquiry into government procurement (Stage 1) which importantly seeks to promote greater local business participation in local government tenders. Can Councillors tell me how the decision you are all being asked to make tonight, to ignore all the other business that provide exactly this type of work and grant this proposed sole-source supply arrangements for the next three years sits in light of the State Government intention, and all of our moral responsibilities to help local ratepayers and businesses, particularly with reference to the Local Government (Functions and General) Regulations 11(2)(f)?

Response

*The Acting Deputy Chief Executive Officer advised that during the preparation of the report, an assessment was made that Surf Life Saving WA was the only organisation with the capacity and capability to deliver the scope of the services required. As a result, the recommendation in the report to the Committee of Council was to commence a sole source of supply arrangement through tender exempt provisions.*

*However, with two other organisations contending that they are also able to manage the service requirements of the proposed contract, it is now recommended that the service be subject to a formal tender with the process to be overseen by an independent probity adviser to ensure transparency.*

**CC.2/8/19      K ALLEN, FALCON: ESTABLISHMENT OF A BEACH PATROL SERVICE**

1. Do Councillors realise that the proficiency standards of an APOLA certified Lifeguard are actually higher than that of SLSWA? i.e. SLSWA swim time for 400 metres is 8 minutes, versus APOLA swim time of 800 metres in 14 minutes?
2. Do Councillors realise that unlike SLSWA which often maintains internal recognition of training, the APOLA training is nationally certified?
3. Do Councillors realise that both Bondi and Coffs Harbour Lifeguards are contracted by councils, to compliment and usually direct volunteer lifeguards?
4. Do Councillors realise that given a chance to bid, the Safewaves' proposal would exclude Sundays, so that volunteer organisations could service those days offering further cost saving?

Response

*The Acting Deputy Chief Executive Officer advised that City Officers are not fully across all of the details that relate to the proficiency standards applicable to the training of beach lifeguards. However, as part of the procurement process, the successful service provider will be required to demonstrate their capability to deliver the full scope of the service and compliance with the relevant training and skills and competency standards.*

*The intent of the City's contracted beach patrol service is designed to compliment the existing volunteer lifeguard services provided by the Port Bouvard and Mandurah Surf Life Saving Clubs. Currently, Club volunteers deliver these services on Sunday's and certain public holidays. The contracted service proposed would supplement these patrols to increase the level of coverage across Mandurah.*

**CC.3/8/19 S HENDON, FALCON: ESTABLISHMENT OF A BEACH PATROL SERVICE**

Ms Hendon asked if the grant funds referred to in the report had been received as a result of increased shark attack and/or drowning fatalities.

Response

*The Acting Chief Executive Officer advised that the original grant had been received for assistance with construction of a shark barrier and Falcon Beach. Council subsequently consulted with the community and the option of beach patrols at four locations was viewed as a better option. A request to reallocate the funds was made and permitted.*

*Due to the next item being the subjected of declarations, at this juncture in the meeting declarations of interest were made.*

**CC.4/8/19 DECLARATION OF INTERESTS [AGENDA ITEM 9]**

- Mayor Williams declared an impartiality interest in Minute CC.5/8/19 – Make Place Update Presentation as he was previously employed at the organisation presenting. Mayor Williams advised that as this was a presentation and no decision was to be determined he would remain in the Chamber for the presentation.
- The Acting Deputy Chief Executive Officer declared an impartiality interest in Minute CC.5/8/19 – Make Place Update Presentation as his spouse is the Chief Executive Officer of The Makers.

**PRESENTATIONS AND ANNOUNCEMENTS BY CHAIRMAN [AGENDA ITEM 6]**

**CC.5/8/19 D JOHNSON: MAKE PLACE UPDATE**

The Chief Executive Officer of Make Place, Deanne Johnson, delivered a visual presentation outlining organisational and operational changes made within the organisation. An overview of the history of Makers, the new board and its priorities, development of the site location along with future directions and strategic shift were delivered to the meeting.

Councillor Peter Rogers asked what the ideal membership of the Makers would be. Mrs Johnson advised that physically, venue capacity limited the number of persons who could attend at any one time. However, there existed a virtual membership whereby access to online services was available, membership in this regard is unlimited. There was growth in the virtual membership area as the requirement to be based in Mandurah was no longer an obstacle.

**CC.7/8/19 ESTABLISHMENT OF PROFESSIONAL LIFEGUARD SERVICE (PM/CJ)  
(REPORT 1)**

In May 2019, the City sent official correspondence through the Mayor's Office to the Minister for Water, Fisheries, Forestry, Innovation and ICT, Science, seeking approval to re-allocate the \$287,000 grant for the proposed installation of a beach enclosure at Falcon Bay, to support the establishment of a new beach patrol service within the City of Mandurah.

This alternative option is intended to facilitate the delivery of a contracted lifeguard and patrol service at four beach locations within the City for the next 3 years. The proposed service will see a combination of lifeguards and jet-ski and drone patrols employed at key locations to augment beach surveillance activities.

In June 2019, the City of Mandurah was notified that the request had been approved, noting the benefits to the broader Mandurah community. The funding will now be made available to the City via a grant agreement to support the establishment of a Surf Life Saving WA provided beach patrol service at Pyramids Beach, Falcon Bay, Town Beach and San Remo/Madora Beach over the summer period commencing this year (2019/20).

Council is requested to approve the City to commence a sole source of supply arrangement through tender exempt provisions with Surf Life Saving WA to deliver a beach patrol service for the next 3 years (2019/20 – 2021/22) and authorise the Chief Executive Officer to negotiate the conditions of and execute the contract.

Report Recommendation

*That Council:*

1. *Approves the City to commence a sole source of supply arrangement through tender exempt provisions with Surf Life Saving WA to deliver a beach patrol service for the next three years (2019/20 – 2021/22) incorporating beach patrols at Pyramids Beach, Falcon Bay, Town Beach and San Remo/Madora Beach.*
2. *Authorises the Chief Executive Officer to negotiate the conditions of and execute the contract.*
3. *Acknowledges that funding has been incorporated into the City's 2019/20 budget and will be required year on year to fund the shortfall in the provision of the service and that any decision to extend the service beyond three years would need to be fully funded by the City.*
4. *Notes that a further report will be presented to Council at the conclusion of the 2021/22 period that will evaluate the service and any extension beyond the three years.*

Mayor Williams moved, Councillor Jones seconded the alternate recommendation contained in the additional information provided to the meeting.

RESOLVED TO RECOMMEND: R Williams / S Jones

**That Council authorises the advertising of a tender for the provision of a beach patrol service for the years 2019/20 to 2021/22 at the Pyramids, Falcon Bay, Town and San Remo/Madora beaches.**

The application process for submissions involve local governments undertaking an initial assessment to ensure proposed projects are well planned, prioritised and of positive benefit to the community.

**CC.9/8/19 SOUTH EAST DAWESVILLE CHANNEL FORESHORE MASTER PLAN  
(JD/CJ) (REPORT 3)**

In July 2017, Council endorsed the South East Dawesville Channel Land Use Plan as a guide to enable the development of a master plan for the public foreshore area of the site.

The City engaged an external consultant to both assist in the facilitation of the community engagement program and to develop the draft master plan for the South East Dawesville Channel Foreshore in line with community and stakeholder feedback.

Community interest in the project was high however differing views on the way forward have been presented. The Channel Heights Residents group has communicated that it does not support the City's staged approach to the master-planning process and would rather see the full site master-planned as public open space as a means to ensure it is used for no other development purposes. Additionally, some members of the Port Bouvard Recreation and Sporting Club would rather the Club retained exclusive use of the foreshore area. However, the wider community has welcomed the City's intent to improve public access to the foreshore area and have provided comprehensive input into the Plan.

Additionally, the City engaged directly with the key stakeholders of the site, the Port Bouvard Recreation and Sports Club and the Department of Education whom have until recently had exclusive access to the northern foreshore within the master-planning site. With significant concerns for the co-location of boat launching facilities, dual use path links and the retention of functional operating space the City has worked closely with the groups to achieve a design that will both support club operations and enable the community to enjoy the space safely when sailing activities are taking place.

One of the key items of feedback throughout the process was the considered lack of parking that is likely to occur when the foreshore is further activated following development. This was acknowledged by City officers and as a result two master plan options have been prepared. Option One delivers the draft South East Dawesville Channel – Foreshore Master Plan within the boundaries identified in the Land Use Plan. Option Two identifies additional parking via a proposed roundabout off Estuary Road which would be located outside of the identified foreshore planning site. Option Two would also offer a designated entry point into the remaining 4.2 hectares of Lot 30624, a preferred feature to the Channel Heights Residents Association as it would eliminate increased traffic via Thisbe Drive into the future.

Following significant community engagement, City officers are seeking Council's endorsement for the South East Dawesville Channel – Foreshore Master Plan Option Two as a guiding document to the future development of the site and note that a funding strategy will be developed for the future staged delivery of the project.

Councillor Darcy moved the report recommendation which was seconded by Mayor Williams. Elected Members acknowledged the community consultation and engagement undertaken. The commitment from Council and the community to improve the site was also applauded.

RESOLVED TO RECOMMEND: M Darcy / R Williams

**That Council:**

- 1. Endorse the draft South East Dawesville Channel – Foreshore Master Plan Option Two as a guiding document to the future development of Lot 30624 – Stage One.**
- 2. Note that the next step in planning for the South East Dawesville Channel – Foreshore project is to develop a funding strategy for the future staged delivery of the project.**

**CC.12/8/19 MANDURAH BUSHFIRE RISK MANAGEMENT PLAN 2019 - 2023 (MG)  
(REPORT 6)**

The State Emergency Management Plan for Fire (*State Hazard Plan – Fire*) requires local governments to undertake an integrated approach to developing Bushfire Risk Management Plans, outlining strategies to treat bushfire risk across all land tenures. The City has developed a five year plan aligning with the *WA Bushfire Risk Management Guidelines*.

Bushfire mitigation works are essential and costly, funding has therefore been sought via the State Mitigation Activity Fund to enable 41 treatments on 25 reserves.

Undertaking bushfire risk assessments, identifying assets at risk, and determining suitable treatment options is a rigorous and resource intensive process.

Council is requested to:

1. Endorse the *City of Mandurah Bushfire Risk Management Plan 2019-23*
2. Support the *2019/20 Treatment Schedule* linked to Round 1 Mitigation Activity Funding (\$292,850)

The City's Coordinator Emergency Management gave a visual presentation in regard to this item. Focus of the funding was on human risk and online tools and programs available through the Department of Fire and Emergency Services (DFES) were assisting in this regard. Extensive map access and work information was available to all local governments via DFES. The system prioritizes risk and residual risk following works undertaken. Information available via this resource can assist in many areas including the number of firebreaks in a location and cost of mitigation works required. The meeting was informed that staff in relevant areas had completed fuel load assessment training and were including this in assessment of areas and as a tool to assist with protection of infrastructure. Elected Members discussed actions undertaken and responsibilities of internal groups established in relation to this item.

Councillor Jackson moved, Councillor Knight seconded the report recommendation with the addition of point three:

3. Review the City's bushfire prevention measures on an annual basis with the results of the review being used to inform future works.

RESOLVED TO RECOMMEND: P Jackson / C Knight

**S.7/8/19 CARETAKER PERIOD POLICY (TJ) (REPORT 2)**

The City of Mandurah (the City) is committed to ensuring that local government Elections are undertaken in a manner that is transparent, open and supports a high standard of integrity. To support this approach the City has developed a Caretaker Period Policy (Policy) to guide the conduct of Elected Members and City employees during the Caretaker Period in the lead up to Election Day.

The proposed Policy does not prevent the Elected Members and City employees carrying on the ordinary business of the Council during the Caretaker Period. Rather it establishes protocols to provide guidance during the Caretaker Period, ensuring that major decisions which would bind an incoming Council are avoided where possible, preventing the use of public resources in ways that could be seen to be advantageous to, or promoting candidates seeking election and also ensuring employees act impartially in relation to all candidates.

The proposed Policy applies to Elected Members and City employees during a Caretaker Period with respect to:

- a. Decisions that are made by the Council;
- b. Media and promotional materials;
- c. Use of the City's resources, access to the City's information and support;
- d. Attendance and participation at events and functions; and
- e. Employee engagement with candidates.

The Caretaker Period for Local Government Elections takes effect from the close of nominations, being 37 days prior to the Council Election Day in accordance with Section 4.49(a) of the *Local Government Act 1995*, until 6pm on Election Day.

Council is requested to consider adopting the Caretaker Period Policy.

The Manager Governance Services delivered a visual presentation outlining the intent and legislative requirements with regard to the proposed policy. Advice regarding processes to assist with transparency and compliance were summarised. Clarification was provided as to support mechanisms available and the intent that there would be minimal impact to business operations.

Councillor Knight moved the report recommendation which was seconded by Councillor Darcy. During discussion that ensued it was proposed, and agreed by the Mover and Seconder, that the following points be included in the recommendation.

*Wording of point 3.2 in the Policy be amended to:  
During the Caretaker Period any requests for information, other than that not publicly available, by Elected Members and candidates will be recorded, along with the response given to those requests.*

*Wording of points 5.1 and 5.2 in the Policy be amended:  
Delete the words 'and Deputy Mayor (when authorised to perform the duties of the Mayor)' from paragraph two.*

RESOLVED TO RECOMMEND: C Knight / M Darcy

**That Council:**

- 1 Adopts the Caretaker Period Policy POL- GVN 06 with the following amendments:**
  - a) Point 3.2 (third paragraph) in the Policy to read:  
During the Caretaker Period any requests for information, other than that not publicly available, by Elected Members and candidates will be recorded, along with the response given to those requests.**
  - b) Points 5.1 and 5.2 (second paragraph) in the Policy as noted:  
Delete the words 'and Deputy Mayor (when authorised to perform the duties of the Mayor)' from paragraph two.**
- 2 Notes that prior to any Caretaker Period commencing, the Chief Executive Officer will advise Elected Members and City employees of the application of this Policy.**

### Expenditure

The financial activity for the month of July has been restricted to general operations as a result of the budget not being adopted until 30 July. Therefore, all key areas are currently under budget and there are no adverse budget impacts for July. The only material variance is that some revenue has been received earlier than expected and relates to yearly fees as mentioned previously.

## Summary

Council previously resolved to request a detailed plan for the Make Place which would align future funding arrangements with the City's objectives, strategies and priorities. The recommendations stemming from this were scheduled for presentation to Council in May 2019, however due to changes to the Make Place organisation, the presentation did not occur until August 2019.

Following further consultancy and discussions with Make Place Board and staff, Council is requested to approve the following approach:

- Provide funding specifically for a shared working space over a three-year period, reducing annually combined with a requirement to seek alternative funding sources.
- Consider separate funding of one or more Make Place programme offering if there is a fit with an activity defined in the City's business plan.

## Disclosure of Interest

None

## Previous Relevant Documentation

- G.20/12/18      18 December 2018      Council approved a funding extension to 30 June 2019 and requested a plan for the future

## Background

The City's sponsorship of Make Place commenced in 2014/15, with funding of \$20,000 provided to The Makers. Make Place officially opened in March 2015, and in July 2015, Council agreed to sponsor Make Place for a further year (2015/16), at a cost of \$130,000.

In December 2016, Council agreed to a further two-year sponsorship of Make Place (2016/17 and 2017/18), at a cost of \$130,000 per year. This was extended to 30 June 2019.

Initially formed as a co-working space, Make Place has since expanded its activities to include youth and non-profit entrepreneurial development and provision of linkages with state, national and international innovation ecosystems. An opportunities paper prepared in 2018 identified Make Place's existing roles which have a strong alignment with the City's priorities:

- Links to innovation ecosystems and provision of co-working spaces.
- Development of an entrepreneurial culture within Mandurah's youth population.
- Facilitation and/or delivery of entrepreneurship skills development.

## Comment

Make Place's potential can be separated into two areas:

- The provision of a facility, that is, a co-working space.
- As a provider of developmental programmes.

*Facility provision*

In order to understand whether or not support for a co-working space is appropriate, consideration should be given to the following issues:

- Is a co-working facility important to the economic development of Mandurah?
- If it is important, is it a facility which should be supported financially by the City?
- Does Make Place have the capacity to deliver to the City's requirements?

As part of the consultation process, the City's consultant undertook a number of discussions and workshops with Elected Members, officers and representatives of Make Place. The common themes which emerged were that:

- It is important to have a local organisation that has a strong role in supporting the community to innovate. Make Place has the ability to engage with innovators and provide them with the space to develop.
- Co-working space is a game changer. It is noted that many metropolitan and regional areas have these spaces available. Most, however, do not rely on local government support.
- Make Place has the opportunity to be part of regional strategic projects through creating a network of co-working spaces.

The Make Place Board has identified that there needs to be a shift in the management of the space to focus fully on achieving economic development outcomes. This change means that there is less emphasis on Make Place as a meeting place but more as a business development opportunity.

In terms of financial support for a co-working space, the issue is whether or not that support should be permanent or temporary. In addition, the City must consider whether or not it is a full or partial funding source, either as a project partner or a contributor to funding its normal business operations (which is currently being recommended).

It is clear from discussions with Make Place that it is an organisation in transition. Given that co-working spaces have been identified as important to the City, it is appropriate that the City provides a level of financial support and, to give certainty, identifies the level of that support through a Memorandum of Understanding (MoU). As with support for other organisations such as MAPTO, the MoU would be for a term of three years and it is recommended to include that the Make Place Board agree to provide the City the following:

- a) Requirement on Make Place to provide and operate a co-working space;
- b) Three-year Strategic Business Plan received by 30 November 2019, which demonstrates how Make Place align to the City of Mandurah's economic strategy in the Strategic Community Plan of developing a creative and entrepreneurial community, key performance indicators and demonstration of financial viability;
- c) Proposed Annual Budget for 2019/2020 received by 30 September 2019 and by 1 June for every financial year after;
- d) Annual Business Plan for 2019/2020 received by 30 September 2019 and by 1 June for every financial year after;
- e) Quarterly reports must be provided for Make Place and must be received within 30 days of the end of the quarter. As a minimum, the reports should include details of actual performance against KPI's, details of utilisation, other funding sources applied for and received, and unaudited quarterly financial statements;
- f) Make Place will be required to acquit the funding on an annual basis and submit audited annual financial statements; and
- g) Annual Report detailing the performance against the measures identified in the Strategic Business Plan and Annual Business Plan.

The City will provide the pro-rata contribution on a quarterly basis, in advance, subject to an invoice being presented.

Noting, however, that the City would encourage Make Place to seek alternative funding sources and for Make Place to be financially viable in its own right, it is proposed that, over the three-year period, there is a reduction in funding linked to a requirement to source funds elsewhere. Funding proposed over the three-year period is:

2019/20	\$130,000 (approved 2019/2020 budget)
2010/21	\$110,000
2021/22	\$ 90,000

Allowing the Make Place Board to develop their Strategic Business Plan will promote a sense of ownership and accountability to ensure they are financially viable and successful for the future.

#### *Programme provision*

Make Place has the ability to develop a range of programmes aimed at such things as skills development. It is not proposed to put into place funding support for these. If the City has an economic development programme for which it has funds, it may choose to select Make Place as a provider. Alternatively Make Place can put a proposal to the City to support, or partially support, a particular programme. Participation in this area will depend on whether the individual programme fits with the City's economic development objectives, an evaluation of the benefits and the availability of budgeted funds.

#### *Capacity to deliver*

Make Place has the capacity to deliver and maintain a co-working space. With regard to its programmes, it intends to match outsourced skills to each programme to ensure quality of delivery.

Equally important is its financial capacity. A discussion on this together with a summary of financial performance is shown at the Confidential Attachment.

### **Statutory Environment**

Although not a statutory requirement, the option exists to consider an expression of interest process.

### **Policy Implications**

None

### **Economic Implications**

The cost of the three-year agreement is discussed above.

### **Risk Analysis**

Ongoing City financial support of Make Place carries the following key risks:

- Operational risk – Capability and capacity to deliver agreed activities. This risk is mitigated by focussing on the provision of space which the organisation already operates rather than trying to encompass programme delivery.

- Financial risk – as a small non-profit organisation Make Place is vulnerable as its primary reliance is on external funding sources. However, the organisation has a skilled Board and is undertaking planning.

### **Strategic Implications**

The following strategies from the *City of Mandurah Strategic Community Plan 2017 – 2037* are relevant to this report:

#### Economic:

- Increase the level of regional employment.
- Increase local education and training opportunities.

#### Organisational Excellence:

- Deliver excellent governance and financial management.

### **Conclusion**

Make Place provides the opportunity for the City to have a co-working space available for the development of innovation businesses. The importance of co-working is now generally recognised although most are not funded from local governments. The City acknowledges this by encouraging the organisation to utilise other funding sources through a gradual reduction of its financial support.

### **RECOMMENDATION**

**That Council authorise the Chief Executive Officer to prepare and execute a Memorandum of Understanding with Make Place which includes the following:**

- 1. Three-year funding package for Make Place for the provision and operation of a co-working space as follows:**

  - **2020/21 \$110,000**
  - **2021/22 \$ 90,000**

**Note: The City will provide the pro-rata contribution on a quarterly basis, in advance, subject to an invoice being presented.**
- 2. The provision of funding is subject to the following conditions:**
  - 2.1 A three-year Strategic Business Plan received by 30 November 2019, which demonstrates how Make Place align to the City of Mandurah's economic strategy in the Strategic Community Plan of developing a creative and entrepreneurial community, developing key performance indicators and demonstration of financial viability;**

  - 2.4 Quarterly reports must be provided for Make Place and must be received within 30 days of the end of the quarter. As a minimum, the reports should include details of actual performance against KPI's, details of utilisation, other funding sources applied for and received, and unaudited quarterly financial statements;**

### Background

Council resolved to adopt the *Animals Environment and Nuisance Amendment Local Law 2019* as shown in **Attachment 2**, at its meeting of 28 May 2019 following the advertising period and consultation with relevant ministers and community.

Following adoption by Council, the local law was forwarded to the JSCDL following gazettal for their information and scrutiny. The JSCDL has requested an undertaking that one amendment be made (*refer Attachment 1*).

### Comment

The JSCDL have given a notice of disallowance of the local law unless the City, within six months, makes an undertaking to amend the principle local law to make clear how the City may vary permits for the keeping of farm animals.

In response to the request made by the JSCDL, the proposed has been prepared amending Clause 2.10(1) of the *Animals Environment and Nuisance Amendment Local Law 2019* as follows:

Current Clause:

- (1) The local government may vary the conditions of a permit after it has been issued, and shall give notice of such variation to the permit holder within 14 days of such variation.

New proposed Clause:

- (1) The local government may vary permit conditions by giving written notice to the permit holder and the varied condition takes effect 7 days after that notice is given.

This change makes clear that when varying a permit the City must provide to the permit holder a notice in writing and time to receive the notice before it takes effect.

If the City does not amend the local law as requested by the end of February 2020, the JSCDL will recommend that parliament disallow the *Animals Environment and Nuisance Amendment Local Law 2019*.

Whilst the City has been operating under the *Animals Environment and Nuisance Amendment Local Law 2019*, officers have not been required to vary a permit for the keeping of farm animals, and therefore no members of the public have been affected by the clause which the JSCDL has requested amendments to.

This amendment has been proposed in the *Animals Environment and Nuisance Amendment Local Law No.2 2019* as shown at **Attachment 1**.

### **Policy Implications**

### **Economic Implications**

### **Risk Analysis**

The amendment proposed by this local law is very minor and should not result in any risk implications for the City.

The Common Seal of the City of Mandurah was affixed by authority of a resolution of the Council in the presence of:

**RHYS JOHN WILLIAMS, Mayor**

**MARK ROBERT NEWMAN, Chief Executive Officer**

**CITY OF MANDURAH**

**NOTICE OF MOTION**

**COUNCIL MEETING OF TUESDAY 27 AUGUST 2019**  
**MAYOR RHYS WILLIAMS**

**POINT GREY MARINA NAVIGATIONAL CHANNEL**

I hereby give notice that I intend to move the following Motion at the Council meeting of Tuesday 27 August 2019.

**That:**

- 1. Council confirms its position as resolved in 2011 in relation to the Point Grey Marina and associated navigational channel, and advises the relevant Ministers that the City of Mandurah will not be maintaining the proposed navigational channel;**
- 2. Council authorises the Mayor to advocate alongside the Shire of Murray in their engagement with State and Federal Ministers and Members of Parliament in relation to the proposed navigational channel across the Peel – Harvey Estuary from Point Grey to the Dawesville Channel.**

**Reason for the Motion:**

The Point Grey proposal, including the proposed Marina, is located within the Shire of Murray, and therefore sits outside of our jurisdiction, however given the implication of the proposed navigational channel to accommodate the Marina, I believe it is important that Council reaffirm previous position, and work with the Shire of Murray on an advocacy strategy to communicate this position.

As such, I seek Councils endorsement for the City to advocate alongside the Shire of Murray in its engagement of State and Federal Ministers and members of parliament in relation to the proposed channel.

**CITY OF MANDURAH**

**NOTICE OF MOTION**

**COUNCIL MEETING OF 27 AUGUST 2019**

**MAYOR RHYS WILLIAMS**

**TRANSPARENCY REFORMS**

I hereby give notice that I intend to move the following Motion at the Council meeting of 27 August 2019.

**That Council:**

- 1. Notes the City of Mandurah's longstanding commitment to transparency, good governance and community engagement practises;**
- 2. Requests Officers to undertake analysis of best practise approaches across the Local Government sector in relation to increased transparency and accountability measures, including the feasibility of live streaming of Council meetings, and provide a report to Council outlining the findings of this analysis, and recommendations on potential reforms for the City of Mandurah;**
- 3. Request Officers to facilitate a workshop with Elected Members (post the October 2019 elections) to explore the scope of potential transparency reforms to help guide Officers in this analysis.**

Reason for the Motion:

As a Council, we have a long-held commitment to empowering the community to be actively involved in civic contribution and local decision making. This commitment is based on the belief that by giving community greater power to be involved in decision making, we are better able to deliver the needs of those we represent.

We have a well-established reputation for being a Council of openness, transparency and good governance, and an organisation wide commitment to these principles.

To reaffirm this commitment, and further empower our community to engage in our civic process, I believe it is appropriate for us to take a wide look at reforms being implemented across the Local Government sector nationally, particularly those created as a result of new technologies, and consider, based on this analysis, relevant reforms to our current practises.
