12 QUESTIONS FROM COMMITTEE MEMBERS

12.1 Questions of which due notice has been given

12.2 Questions of which notice has not been given

13 BUSINESS LEFT OVER FROM PREVIOUS MEETING

14 REPORTS

Subject: 14.1 2024/25 Financial Statements

Summary

In accordance with the City of Mandurah Audit, Risk and Improvement Committee (AR&IC) Terms of Reference, the AR&IC is to provide advice and assistance to Council as to the carrying out of the function of examining the City's Financial Statements (receiving the external audit report). The AR&IC is to oversee the implementation of any action relating to significant matters raised by the auditor.

The audit of the Annual Financial Statements for 2024/25 is nearing completion. The Office of the Auditor General (OAG) are City of Mandurah's auditor and will present an audit status update at the 9 December AR&IC meeting.

City officers are preparing the 2024/25 Financial Statements to be fair and appropriately presented in accordance with the Australian Accounting Standards Board and *Local Government Act 1995* (the Act). A copy of the draft 2024/25 Financial Statements is detailed in Attachment 14.1.1 for noting.

It is expected that Council will receive the final 2024/25 Financial Statements, final audit, and management reports and the Office of the Auditor General (OAG) Closing Report at its Ordinary Council Meeting in December 2025.

The AR&IC are now requested to note the draft 2024/25 Financial Statements and the Audit Status Update as presented by the Office of the Auditor General.

Disclosure of Interest

Previous Relevant Documentation

Nil

Background

Since the 2020/21 year, the City's annual financial statements audit has been undertaken by the Office of the Auditor General (OAG). It is a requirement under the *Local Government Act 1995* that an approved auditor must audit the accounts and annual financial report of a local government at least once in respect of each financial year.

Comment

The key points to note from the Statement of Comprehensive Income by Program and Statement of Comprehensive Income by Nature and Type are:

- **Revenue**

Operating revenue is approximately \$3.6 million above adopted budget due to:

- Fees and charges performing better than expected by \$3.39m, including Mandurah Aquatic and Recreation Centre fees (\$514,000), Planning fees (\$408,000), Building Fees (\$419,000), Chalet's revenue (\$534,000), Waste Commercial fees (\$212,000), Marina Pen fees (\$353,000).

- Grants, Subsidies and Contributions was under budget by \$1.4 million, while Other Revenue is over budget by \$1.51 million. This variance is due to donations and reimbursements being budgeted under Grants, Subsidies and Contributions but recorded as Other Revenue. The City will adjust the 2026/27 budget to align reporting lines with actual allocations.
- Interest revenue performing better than budget by \$142,000.
- **Expenses**
Total expenses are \$567,397 above the adopted budget; however the following points are noted:
 - Materials and contracts were under budget by \$908,000 due to general underspends across the organisation.
 - Utility charges were over budget by \$282,000 due to increases in utility costs during the year. This was addressed at the City Mid-year review.
 - Insurance costs were \$299,000 over budget due to increases in insurance claims in the 2024/25 year.
 - Depreciation which is a non-cash expense was higher than what was budgeted by \$671,000 due to the impact of new assets commissioned in the 2024/25 financial year. It has a nil impact to the closing surplus as the total amount is taken out for the closing surplus calculation as it is non-cash in nature.

It is also noted that the operating position for 2024/25 has increased from the budgeted deficit of \$449,343 to a surplus of \$893,702. The surplus will be carried forward to fund the 2025/26 budgeted opening surplus of \$600,000 and the balance of \$293,702 is recommended to be placed in the Asset Management Reserve in keeping with Council's position on renewal of assets.

Statement of Financial Position

Key points to note are:

- Cash and cash equivalents: Cash holdings have decreased by approximately \$12.67 million from the previous year. This is primarily due to having to carryover 2023/24 capital projects into 2024/25 financial year.
- Reserves – Cash backed: The City has a total amount of \$65.68 million in reserves on 30 June 2025. This is a decrease of \$3.8 million from the previous year due to:
 - Decrease in the Asset Management Reserve (\$2.0 million) as a result of 2023/24 capital carryover projects being completed in 2024/25 financial year.
 - Decrease in the unspent grants reserve (\$4.8 million) as a result of grant funds received by the City being able to be transferred into municipal funds and treated as revenue due to the projects being completed.

Rates Setting Statement

The City shows a surplus for the year ended 30 June 2025 of \$893,703. In the City's 2025/2026 Budget the surplus for the year ended 30 June 2025 was estimated to be \$600,000 (opening surplus). The remaining \$293,703 is recommended to be placed in the Asset Management Reserve in keeping with Councils position on renewals of assets.

Audit Progress

At the time of issuing the Audit, Risk and Improvement Committee agenda, the City had revised the 2024/25 Financial Statements based on the auditor's comments and sent the changes to the auditor for review. The steps required for the City to present Council with the final 2024/25 Financial Statements, final audit and management reports and the OAG Closing Report are as follows:

1. OAG to provide the signed auditors report to the City.

2. City officers to prepare a Council report. Note: This is intended to be presented to Council at its Ordinary Council Meeting in December 2025.

Information Systems Audit

In addition to the Financial Audit, the OAG completed an Information Systems Audit, which incorporated general computer controls. The Information Systems Audit determines if an entities' information technology and related internal controls effectively support the integrity, availability and confidentiality of the information and systems used to prepare the financial statements. The City's response to the Information Systems Management Letter is available at Confidential Attachment 14.1.3.

A maturity model assessment has also been undertaken (refer to Confidential Attachment 14.1.4) which provides a way of measuring key management processes. The ratings given are based on the OAG's review of these areas as part of the general computer controls audit.

Statutory Environment

The Annual Financial Statements are prepared in accordance with the Australian Accounting Standards.

The *Local Government Act 1995* states:

7.9. *Audit to be conducted*

- (1) *An auditor is required to examine the accounts and annual financial report submitted for audit and, by the 31 December next following the financial year to which the accounts and report relate or such later date as may be prescribed, to prepare a report thereon and forward a copy of that report to —*
 - (a) *the mayor or president; and*
 - (b) *the CEO of the local government; and*
 - (c) *the Minister.*

7.12AB. *Conducting a financial audit*

The auditor must audit the accounts and annual financial report of a local government at least once in respect of each financial year.

7.12AD. *Reporting on a financial audit*

- (1) *The auditor must prepare and sign a report on a financial audit.*
- (2) *The auditor must give the report to —*
 - (a) *the mayor, president or chairperson of the local government; and*
 - (b) *the CEO of the local government; and*
 - (c) *the Minister.*

7.12A. *Duties of local government with respect to audits*

- (2) *Without limiting the generality of subsection (1), a local government is to meet with the auditor of the local government at least once in every year.*
- (3) *A local government must —*
 - (aa) *examine an audit report received by the local government; and*
 - (a) *determine if any matters raised by the audit report, require action to be taken by the local government; and*
 - (b) *ensure that appropriate action is taken in respect of those matters.*
- (4) *A local government must —*
 - (a) *prepare a report addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and*
 - (b) *give a copy of that report to the Minister within 3 months after the audit report is received by the local government.*
- (5) *Within 14 days after a local government gives a report to the Minister under subsection (4)(b), the CEO must publish a copy of the report on the local government's official website.*

The *Local Government (Audit) Regulations 1996* states:

9. *Performance of audit*
 - (2) *An auditor must carry out an audit in accordance with the Australian Auditing Standards made or formulated and amended from time to time by the Auditing and Assurance Standards Board established by the Australian Securities and Investments Commission Act 2001 (Commonwealth) section 227A.*
 - (3) *An auditor must carry out the work necessary to form an opinion whether the annual financial report —*
 - (a) *is based on proper accounts and records; and*
 - (b) *fairly represents the results of the operations of the local government for the financial year and the financial position of the local government at 30 June in accordance with —*
 - (i) *the Act; and*
 - (ii) *the Australian Accounting Standards (to the extent that they are not inconsistent with the Act).*
10. *Report by auditor*
 - (1) *An auditor's report is to be forwarded to the persons specified in section 7.9(1) within 30 days of completing the audit.*
 - (2) *The report is to give the auditor's opinion on —*
 - (a) *the financial position of the local government; and*
 - (b) *the results of the operations of the local government.*
 - (3) *The report is to include —*
 - (a) *any material matters that in the opinion of the auditor indicate significant adverse trends in the financial position or the financial management practices of the local government; and*
 - (b) *any matters indicating non-compliance with Part 6 of the Act, the Local Government (Financial Management) Regulations 1996 or applicable financial controls in any other written law; and*
 - (c) *details of whether information and explanations were obtained by the auditor; and*
 - (d) *a report on the conduct of the audit; and*
 - (4) *Where it is considered by the auditor to be appropriate to do so, the auditor is to prepare a management report to accompany the auditor's report and to forward a copy of the management report to the persons specified in section 7.9(1) with the auditor's report.*

Policy Implications

Financial Position and Performance Policy

Financial Implications

Appropriate financial management is essential to the effective operations of the local government. The cost of the audit for the 2025 financial year is estimated to be \$151,799.

Economic Implications

Nil

Environmental Implications

Nil

Risk Implications

The *Local Government Act 1995* states:

- 7.9. *Audit to be conducted*
-

- (1) *An auditor is required to examine the accounts and annual financial report submitted for audit and, by the 31 December next following the financial year to which the accounts and report relate or such later date as may be prescribed, to prepare a report thereon and forward a copy of that report to —*
- (a) *the mayor or president; and*
 - (b) *the CEO of the local government; and*
 - (c) *the Minister.*

If Council do not adopt the City's financial report by 31 December, then the City may be in breach of the *Local Government Act 1995*.

Strategic Implications

The following strategies from the City of Mandurah Strategic Community Plan 2024-2044 is relevant to this report:

Leadership

- Responsible, transparent, value for money delivery of well planned, sustainable, projects, programs and services

Conclusion

City officers are preparing the 2024/25 Financial Statements to be fair and appropriately presented in accordance with the Australian Accounting Standards Board and *Local Government Act 1995* and have completed the actions required for the auditor to consider issuing the City an unqualified audit opinion.

It is expected that Council will receive the final 2024/25 Financial Statements, final audit, and management reports and the Office of the Auditor General (OAG) Closing Report at its Ordinary Council Meeting in December 2025.

The Audit, Risk and Improvement Committee are now requested to note the draft 2024/25 Financial Statements and the Audit Status Update as presented by the OAG.

Officer Recommendation

That the Audit, Risk and Improvement Committee:

- 1. Note the draft Annual Financial Statements 2024/25 as detailed in Attachment 14.1.1.**
- 2. Note the Auditor Status Report as presented by the Office of the Auditor General.**
- 3. Notes the Financial Audit Management Letter and the City of Mandurah management comments as per Confidential Attachment 14.1.2.**
- 4. Notes the Information Systems Audit Management Letter and the City of Mandurah management comments as per Confidential Attachment 14.1.3 and the Office of Auditor General Maturity Model Assessment as per Attachment 14.1.4.**

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

1. BASIS OF PREPARATION

The financial report of the City of Mandurah which is a Class 1 local government comprises general purpose financial statements which have been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

The *Local Government (Financial Management) Regulations 1996* provide that:

- land and buildings classified as property, plant and equipment; or
- infrastructure; or
- vested improvements that the local government controls ; and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 *Property, Plant and Equipment*, which would have required the City to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment - Note 8
 - Infrastructure - Note 9
- Expected credit losses on financial assets - Note 5
- Assets held for sale - Note 7
- Impairment losses of non-financial assets - Note 9
- Investment property - Note 12
- Estimated useful life of intangible assets - Note 12
- Measurement of employee benefits - Note 16
- Measurement of provisions - Note 17

Fair value heirarchy information can be found in Note 25

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 31 of the financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-1 *Amendments to Australian Accounting Standards*
 - *Classification of Liabilities as Current or Non-current*
- AASB 2022-5 *Amendments to Australian Accounting Standards*
 - *Lease Liability in a Sale and Leaseback*
- AASB 2022-6 *Amendments to Australian Accounting Standards*
 - *Non-current Liabilities with Covenants*
- AASB 2023-3 *Amendments to Australian Accounting Standards*
 - *Disclosure of Non-current Liabilities with Covenants: Tier 2*
- AASB 2024-1 *Amendments to Australian Accounting Standards*
 - *Supplier Finance Arrangements: Tier 2 Disclosures*
- AASB 2023-1 *Amendments to Australian Accounting Standards*
 - *Supplier Finance Arrangements*

These amendments are not expected to have any material impact on the financial report on initial application.

- AASB 2022-10 *Amendments to Australian Accounting Standards*
 - *Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities*

This amendment may result in changes to the fair value of certain non-financial assets on revaluation. The impact has not been quantified as it is not considered practicable to determine the amount of the difference in fair value attributable to the change in the standard.

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 *Amendments to Australian Accounting Standards*
 - *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*
- AASB 2024-4b *Amendments to Australian Accounting Standards*
 - *Effective Date of Amendments to AASB 10 and AASB 128*
[deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 *Amendments to Australian Accounting Standards*
 - *Insurance Contracts in the Public Sector*
- AASB 2023-5 *Amendments to Australian Accounting Standards*
 - *Lack of Exchangeability*
- AASB 18 (FP) *Presentation and Disclosure in Financial Statements*
 - (Appendix D) [for for-profit entities]
- AASB 18 (NFP/super) *Presentation and Disclosure in Financial Statements*
 - (Appendix D) [for not-for-profit and superannuation entities]
- AASB 2024-2 *Amendments to Australian Accounting Standards*
 - *Classification and Measurement of Financial Instruments*
- AASB 2024-3 *Amendments to Australian Accounting Standards*
 - *Annual Improvements Volume 11*

These amendments are not expected to have any material impact on the financial report on initial application.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/refunds/warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval

Consideration from contracts with customers is included in the transaction price.

Revenue recognition

Rate revenue was recognised from the rate record as soon as practicable after the City resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2025

Nature	Contracts with customers	Capital grant/contributions	Statutory requirements	Other	Total
	\$	\$	\$	\$	\$
Rates	0	0	98,056,579	0	98,056,579

3. CASH AND CASH EQUIVALENTS

Note	2025 \$	2024 \$
Cash at bank and on hand	25,560,472	30,142,409
Term deposits	36,250,504	44,334,660
Total cash and cash equivalents	61,810,976	74,477,069
Held as		
- Unrestricted cash and cash equivalents	13,358,200	4,341,390
- Restricted cash and cash equivalents	48,452,776	70,135,679
	61,810,976	74,477,069

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

4. OTHER FINANCIAL ASSETS

Note	2025 \$	2024 \$
(a) Current assets		
Financial assets at amortised cost	19,764,861	6,522,395
	19,764,861	6,522,395
Other financial assets at amortised cost		
Community Loans	47,106	10,000
Term deposits	19,717,755	6,512,395
	19,764,861	6,522,395
Held as		
- Unrestricted other financial assets at amortised cost	47,106	10,000
- Restricted other financial assets at amortised cost	19,717,755	6,512,395
	19,764,861	6,522,395
(b) Non-current assets		
Financial assets at amortised cost - Community Loans	129,604	176,712
Financial assets at fair value through profit or loss - Local Government House Trust	139,334	145,549
	268,938	322,261
Financial assets at amortised cost		
Financial assets at amortised cost - Community Loans	129,604	176,712
	129,604	176,712
Financial assets at fair value through profit or loss		
Units in Local Government House Trust - opening balance	145,549	142,607
Movement attributable to fair value changes	(6,215)	2,942
Units in Local Government House Trust - closing balance	139,334	145,549

Loans receivable from community have the same terms and conditions as the related borrowing disclosed in Note 29(a) as self supporting loans. Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

MATERIAL ACCOUNTING POLICIES

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows; and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 25 (i)) due to the observable market rates.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The City classifies the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has elected to recognise as fair value gains and losses through profit or loss.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 23.

Disclosure of opening and closing balances related to contracts with customers

Information about receivables from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non-financial assets is:

Note	30 June 2025 Actual	30 June 2024 Actual
	\$	\$
Trade and other receivables from contracts with customers	249,076	160,287
Total trade and other receivables from contracts with customers	249,076	160,287

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers and amounts received as grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 23.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

6. INVENTORIES

Note	2025	2024
Current	\$	\$
Fuel and materials	559,876	392,615
Land held for resale		
Cost of acquisition	445,000	445,000
	1,004,876	837,615
The following movements in inventories occurred during the year:		
Balance at beginning of year	837,615	694,556
Inventory movement	167,261	143,059
Balance at end of year	1,004,876	837,615

MATERIAL ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the City's intentions to release for sale.

MATERIAL ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Accrued Income

Accrued income primarily relate to the City's right to receive considerations for work completed but not billed at the end of the period.

FOR THE YEAR ENDED 30 JUNE 2025**

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying amount measurements

Asset class	Note	Carrying amount 2025 \$	Carrying amount 2024 \$	Fair value hierarchy	Valuation technique	Basis of valuation	Date of last valuation	Inputs used
(i) Fair value - as determined at the last valuation date								
Land and buildings								
Land		93,415,000	93,525,000	2	Market Approach	Independent registered valuer	June 2022	Selection of Land similar approximate utility
Total land	8(a)	93,415,000	93,525,000					
Buildings - non specialised		168,442,933	163,068,799	2	Cost approach using current replacement cost	Independent valuer and Management valuation	June 2022	Historical cost per square floor area. Consumed benefit/obsolescence of asset.
Total buildings	8(a)	168,442,933	163,068,799					

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs. The valuation techniques applied to property subject to lease was the same as that applied to property not subject to lease.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

9. INFRASTRUCTURE (Continued)

(b) Carrying amount measurements

Asset class	Fair value hierarchy	Valuation technique	Basis of valuation	Date of last valuation	Inputs used
(i) Fair value - as determined at the last valuation date					
Infrastructure - roads	3	Cost approach using current replacement cost	Independent registered valuer	June 2022	Construction costs, current condition, remaining useful lives. Consumed economic benefit/obsolescence of asset.
Infrastructure - drainage	3	Cost approach using current replacement cost	Independent registered valuer	June 2022	Construction costs, current condition, remaining useful lives. Consumed economic benefit/obsolescence of asset.
Infrastructure - parks	3	Cost approach using current replacement cost	Independent registered valuer	June 2022	Construction costs, current condition, remaining useful lives. Consumed economic benefit/obsolescence of asset.
Other infrastructure - coastal and estuary	3	Cost approach using current replacement cost	Independent registered valuer	June 2022	Construction costs, current condition, remaining useful lives. Consumed economic benefit/obsolescence of asset.
Other infrastructure - bridges	3	Cost approach using current replacement cost	Independent registered valuer	June 2022	Construction costs, current condition, remaining useful lives. Consumed economic benefit/obsolescence of asset.
Other infrastructure - other infrastructure	3	Cost approach using current replacement cost	Independent registered valuer	June 2022	Construction costs, current condition, remaining useful lives. Consumed economic benefit/obsolescence of asset.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset class	Useful life
Buildings - non-specialised	20 to 110 years
Furniture and equipment	1 to 30 years
Plant and equipment	1 to 35 years
Infrastructure - roads	1 to 115 years
Infrastructure - drainage	1 to 100 years
Infrastructure - parks	1 to 100 years
Infrastructure - coastal and estuary	1 to 100 years
Infrastructure - bridges	60 to 115 years
Infrastructure - other	5 to 100 years
Right of use - plant and equipment	Based on the remaining lease

(b) Fully depreciated assets in use

The gross carrying amount of assets held by the City which are currently in use yet fully depreciated are shown in the table below.

Plant and equipment	200,414	199,314
Infrastructure	48,349,227	14,550,365
	<u>48,549,641</u>	<u>14,749,679</u>

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

10. FIXED ASSETS (Continued)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the City's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the City.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the City to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset; or
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

In accordance with *Local Government (Financial Management) Regulations 17A(4C)*, the City is not required to comply with *AASB 136 Impairment of Assets* to determine the recoverable amount of its non-financial assets that are land or buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls in circumstances where there has been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

11. LEASES

(a) Right-of-use assets

Movement in the balance of each class of right-of-use asset between the beginning and the end of the current financial year.	Right-of-use assets - plant and equipment		Total right-of-use assets
	Note	\$	\$
Balance at 1 July 2023		548,814	548,814
Additions		507,877	507,877
Depreciation		(443,210)	(443,210)
Balance at 30 June 2024		613,481	613,481
Additions		251,472	251,472
Depreciation		(349,773)	(349,773)
Balance at 30 June 2025		515,180	515,180

The following amounts were recognised in the statement of comprehensive income during the period in respect of leases where the City is the lessee:

	2025 Actual	2024 Actual
	\$	\$
Depreciation on right-of-use assets	(349,773)	(443,210)
Finance charge on lease liabilities	(17,088)	(21,659)
Low-value asset lease payments recognised as expense	(435,902)	(446,631)
Total amount recognised in the statement of comprehensive income	(802,763)	(911,500)
Total cash outflow from leases	(370,220)	(459,981)
(b) Lease liabilities		
Current	173,812	254,514
Non-current	367,969	388,928
	541,781	643,442

Refer to Note 29(d) for details of lease liabilities.

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES

Leases

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 29(d).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the material accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

1,836,109	1,529,305
1,028,491	1,164,660
1,054,144	1,150,150
1,033,814	1,166,281
1,003,506	1,146,086
9,287,864	12,249,055
15,243,928	18,405,537

MATERIAL ACCOUNTING POLICIES

The City as lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the City applies AASB 15 *Revenue from Contracts with Customers* to allocate the consideration under the contract to each component.

MATERIAL ACCOUNTING POLICIES

Investment properties

Investment properties are principally freehold buildings, held for long-term rental yields and not occupied by the City.

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are investment properties, are shown at their reportable value.

Reportable value for the purposes of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date.

Revaluation

In accordance with the regulatory framework, investment properties are required to be revalued whenever required by AASB 140 and, in any event, every five years.

Fair value of investment properties

A management valuation was performed to determine the fair value of investment properties. The main Level 3 inputs used in the valuation were discount rates, yields, expected vacancy rates and rental growth rates estimated by management based on comparable transactions and industry data.

Payables for employee related provisions	442,857	421,562
Bonds and deposits held	5,095,557	4,661,400
Other payables - receipts in advance	195,920	0
Other payables - other accrued expenses	34,742	51,871
Other payables - retention monies	252,090	220,013
	21,969,393	18,392,884

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the City becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Statutory liabilities

Statutory liabilities, are amounts owed to regulatory authorities due to statutory obligations such as FBT and PAYG. GST payable is offset against GST receivable and any net GST payable is included as a statutory liability.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises income for the prepaid rates that have not been refunded.

	<u>1,437,267</u>	<u>6,028,457</u>

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the City's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the City which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Secured liabilities and assets pledged as security

Debentures, bank overdrafts and bank loans are secured by a floating charge over the assets of the City of Mandurah.

The City of Mandurah has complied with the financial covenants of its borrowing facilities during the 2025 and 2024 years.

MATERIAL ACCOUNTING POLICIES

Borrowing costs

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 25(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 29(a).

Information regarding exposure to risk can be found at Note 23.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

16. EMPLOYEE RELATED PROVISIONS

Employee related provisions

	2025	2024
	\$	\$
Current provisions		
Employee benefit provisions		
Annual leave	4,058,924	3,876,955
Long service leave	3,879,040	4,124,167
Other employee leave provisions	333,845	312,966
	8,271,809	8,314,088
Employee related other provisions		
Employment on-costs	1,291,426	1,302,508
	1,291,426	1,302,508
Total current employee related provisions	9,563,235	9,616,596
Non-current provisions		
Employee benefit provisions		
Long service leave	788,065	704,585
	788,065	704,585
Employee related other provisions		
Employment on-costs	127,853	114,700
	127,853	114,700
Total non-current employee related provisions	915,918	819,285
Total employee related provisions	10,479,153	10,435,881

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

Note	2025	2024
	\$	\$
Amounts are expected to be settled on the following basis:		
Less than 12 months after the reporting date	4,259,600	4,588,902
More than 12 months from reporting date	6,219,553	5,846,979
	10,479,153	10,435,881
Expected reimbursements of employee related provisions from other WA local governments	450,456	358,794

MATERIAL ACCOUNTING POLICIES

Employee benefits

The City's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

17. OTHER PROVISIONS

	Provision for Workers Compensation	Total
	\$	\$
Opening balance at 1 July 2024		
Current provisions	330,335	330,335
	330,335	330,335
Balance at 30 June 2025	330,335	330,335
Comprises		
Current	330,335	330,335
	330,335	330,335

Other provisions

Amounts which are expected to be paid out within 12 months of the reporting date are classified as current. Exact timing of payment of non-current obligations is unable to be reliably estimated as it is dependent on factors beyond the control of the local government.

MATERIAL ACCOUNTING POLICIES

Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

20. CONTINGENT LIABILITIES

In compliance with the *Contaminated Sites Act 2003*, the City has listed one site to be possible sources of contamination. Details of this site is:

- Lot 29 Red Road and 35 Mulga Drive, former sand quarry, landfill, Mandurah.

Until the City conducts an investigation to determine the presence and scope of contamination, assess the risk, and agree with the Department of Water and Environmental Regulation on the need and criteria for remediation of a risk based approach, the City is unable to estimate the potential costs associated with remediation of these sites. This approach is consistent with the Department of Water and Environmental Regulation Guidelines.

21. CAPITAL COMMITMENTS

	2025	2024
	\$	\$
Contracted for:		
- capital expenditure projects	4,708,813	17,023,816
- plant & equipment purchases	1,347,776	2,300,720
	6,056,589	19,324,536
Payable:		
- not later than one year	6,056,589	19,324,536

The capital expenditure projects outstanding at the end of the current reporting period represent the renovation and improvement of the City's Parks, Reserves, Coodanup Foreshore, Waterfront, Dawesville Channel, Boardwalk and Beach Access and Fleet Vehicles (the prior year commitment was mainly for renovation and improvement of the City's Parks, Reserves, Eastern Foreshore, Dawesville Community Centre and Fleet Vehicles).

22(b)	<u>631,290</u>	<u>701,567</u>	<u>635,847</u>

(b) Key management personnel (KMP) compensation

The total of compensation paid to KMP of the City during the year are as follows:

Short-term employee benefits	3,382,570	2,502,187
Post-employment benefits	465,370	345,682
Employee - other long-term benefits	84,434	65,419
Employee - termination benefits	0	232,562
Council member costs	631,290	635,847
22(a)	<u>4,563,664</u>	<u>3,781,697</u>

(a) The Mayor resigned from Council on the 26th January 2025 and the Deputy Mayor acted as Mayor for the remainder of the year.

(b) Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the City's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Termination benefits

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. RELATED PARTY TRANSACTIONS (Continued)

(c) Transactions with related parties

Transactions between related parties and the City are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions occurred with related parties:

	2025 Actual	2024 Actual
	\$	\$
Purchase of goods and services	811,836	913,851
Payment of council member costs (Refer to Note 22(a))	631,290	635,847

(d) Related parties

The City's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the City, directly or indirectly, including any council member, are considered key management personnel.

ii. Other Related Parties

There were no such entities requiring disclosure during the current or previous year.

iii. Entities subject to significant influence by the City

There were no such entities requiring disclosure during the current or previous year.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

23. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance department under policies approved by the council. The finance department identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted average interest rate	Carrying amounts	Fixed interest rate	Variable interest rate	Non interest bearing
	%	\$	\$	\$	\$
2025					
Cash and cash equivalents	4.12%	61,810,976	36,250,504	25,560,472	0
Financial assets at amortised cost - term deposits	4.37%	19,894,465	19,894,465	0	0
2024					
Cash and cash equivalents	4.32%	74,477,069	44,334,660	30,142,409	0
Financial assets at amortised cost - term deposits	5.08%	6,512,395	6,512,395	0	0

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2025	2024
	\$	\$
Impact of a 1% movement in interest rates on profit or loss and equity*	255,605	301,424

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 29(a).

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

23. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade and other receivables

The City's major trade and other receivables comprise contractual non-statutory user fees and charges, grants, contributions and reimbursements. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 Financial Instruments simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, receivables from grants, contributions and reimbursements are separated from other trade receivables due to the difference in payment terms and security.

The expected loss rates are based on the payment profiles of trade and other receivables over a period of 36 months before 1 July 2024 or 1 July 2025 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of users to settle the receivables.

The loss allowance as at 30 June 2025 and 30 June 2024 was determined as follows for trade and other receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2025					
Trade and other receivables					
Expected credit loss	0.00%	26.41%	8.16%	20.05%	
Gross carrying amount	1,135,002	159,551	151,423	1,074,258	2,520,234
Loss allowance	0	42,137	12,361	215,394	269,892
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	85,435	21,714	620,077	6,378,879	7,106,105
Loss allowance	0	0	0	0	0
30 June 2024					
Trade and other receivables					
Expected credit loss	0.00%	25.5651%	21.1339%	21.9258%	
Gross carrying amount	1,169,395	49,917	41,628	885,038	2,145,978
Loss allowance	0	12,761	8,798	194,052	215,611
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	0	0	0	5,348,406	5,348,406
Loss allowance	0	0	0	0	0

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

23. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk (Continued)

The loss allowances for trade, other receivables and contract assets as at 30 June reconcile to the opening loss allowances as follows:

	Rates receivables		Trade and other receivables		Contract Assets	
	2025 Actual	2024 Actual	2025 Actual	2024 Actual	2025 Actual	2024 Actual
	\$	\$	\$	\$	\$	\$
Opening loss allowance as at 1 July	0	0	215,611	192,969	0	0
Increase in loss allowance recognised in profit or loss during the year	0	0	140,691	62,195	0	0
Receivables written off during the year as uncollectible	0	0	(86,410)	(39,553)	0	0
Closing loss allowance at 30 June	0	0	269,892	215,611	0	0

Trade, other receivables and contract assets are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the City, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on rates and statutory receivables, trade, other receivables and contract assets are presented as net impairment losses within other expenditure. Subsequent recoveries of amounts previously written off are credited against the same line item.

Contract assets

The City's contract assets represent work completed, which have not been invoiced at year end. This is due to the City not having met all the performance obligations in the contract which give an unconditional right to receive consideration. The City applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit losses, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The City has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

23. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 19(c).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying amounts, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying amount
2025	\$	\$	\$	\$	\$
Trade and other payables	21,969,393	0	0	21,969,393	21,969,393
Borrowings	5,510,331	16,542,448	4,012,113	26,064,892	30,032,429
Interest bearing liabilities	0	0	0	0	0
Lease liabilities	173,812	367,969	0	541,781	541,781
	<u>27,653,536</u>	<u>16,910,417</u>	<u>4,012,113</u>	<u>48,576,066</u>	<u>52,543,603</u>
2024					
Trade and other payables	17,971,322	0	0	17,971,322	18,392,884
Borrowings	200,440	9,383,784	16,937,776	26,522,000	31,090,273
Interest bearing liabilities	1,338,806	4,409,740	0	5,748,546	0
Lease liabilities	254,514	388,928	0	643,442	643,442
	<u>19,765,082</u>	<u>14,182,452</u>	<u>16,937,776</u>	<u>50,885,310</u>	<u>50,126,599</u>

24. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

No events occurred after balance sheet date.

**CITY OF MANDURAH
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

25. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 *Fair Value Measurement* requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are:

- land and buildings classified as property, plant and equipment;
- infrastructure; or
- vested improvements that the local government controls, in circumstances where there has been an impairment indication of a general decrease in asset values.

These non-financial assets are assessed in accordance with the regulatory framework detailed in Note 10.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 *Property, Plant and Equipment*) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

FOR THE YEAR ENDED 30 JUNE 2025**

26. FUNCTION AND ACTIVITY

(a) Service objectives and descriptions

City operations as disclosed in this financial report encompass the following service orientated functions and activities.

Objective	Description
<p>Governance To provide a decision making process for the efficient allocation of scarce resources.</p>	Includes the activities of members of Council and the administrative support available to the Council for the provision of governance of the district. Other costs relate to the task of assisting council members and ratepayers on matters which do not concern specific local government services.
<p>General purpose funding To collect revenue to allow for the provision of services.</p>	Rates, general purpose government grants and interest revenue.
<p>Law, order, public safety To provide services to help ensure a safer and environmentally conscious community.</p>	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
<p>Health To provide an operational framework for environmental and community health.</p>	Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.
<p>Education and welfare To provide services to disadvantaged persons, the elderly, children and youth.</p>	Operation of senior citizen's centre, youth centre and assistance to various community and voluntary services associated with families, children, aged and disabled.
<p>Community amenities To provide services required by the community.</p>	Rubbish collection services, recycling services, operation of transfer station, cemetery services, administration of town planning scheme and protection of the environment.
<p>Recreation and culture To establish and effectively manage infrastructure and resources which will help the social well being of the community.</p>	Maintenance of public halls, civic centres, aquatic centre, beaches, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.
<p>Transport To provide safe, effective and efficient transport services to the community.</p>	Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.
<p>Economic services To help promote the local government and its economic wellbeing.</p>	Marketing & promotion of tourism, visitor centres, economic development, implementation of building and development controls.
<p>Other property and services To monitor and control operating accounts.</p>	Private works, administration and public works overheads, works depots and council plant operations.

(b) Non-cash amounts excluded from investing activities			
The following non-cash revenue or expenditure has been excluded from amounts attributable to investing activities within the Statement of Financial Activity in accordance with <i>Financial Management Regulation 32</i> .			
Adjustments to investing activities			
Movement in non-current capital grant/contribution liability	0	500,000	0
Infrastructure received for substantially less than fair value	19(b) (12,186,424)	0	(11,770,725)
Movement in current unspent capital grants associated with restricted cash	(4,441,191)	0	(1,734,695)
Non-cash amounts excluded from investing activities	(16,627,615)	500,000	(13,505,420)
(c) Non-cash amounts excluded from financing activities			
The following non-cash revenue or expenditure has been excluded from amounts attributable to financing activities within the Statement of Financial Activity in accordance with <i>Financial Management Regulation 32</i> .			
Adjustments to financing activities			
Non cash proceeds from new leases	29(d) 0	(1,863,760)	0
Non-cash amounts excluded from financing activities	0	(1,863,760)	0
(d) Surplus or deficit after imposition of general rates			
The following current assets and liabilities have been excluded from the net current assets used in the Statement of Financial Activity in accordance with <i>Financial Management Regulation 32</i> to agree to the surplus/(deficit) after imposition of general rates.			
Adjustments to net current assets			
Less: Reserve accounts	30 (65,678,155)	(62,300,778)	(69,472,383)
Less: Financial assets at amortised cost - self-supporting loans	4(a) (47,106)	0	(10,000)
Less: Financial assets at amortised cost			
Less: Current assets not expected to be received at end of year			
- Inventory	6 (445,000)	0	(445,000)
Add: Current liabilities not expected to be cleared at end of year			
- Current portion of borrowings	15 6,509,258	4,082,703	6,237,234
- Unspent portion of borrowings	(625,629)	(2,124,066)	(2,109,715)
- Current portion of contract liability held in reserve	1,866,747	1,115,424	5,065,976
- Current portion of lease liabilities	11(b) 173,812	1,731,395	254,514
- Employee benefit provisions	4,509,712	1,818,111	4,886,946
Total adjustments to net current assets	(53,736,361)	(55,677,211)	(55,592,428)
Net current assets used in the Statement of financial activity			
Total current assets	95,042,843	90,409,174	95,914,005
Less: Total current liabilities	(40,412,780)	(35,181,306)	(39,567,380)
Less: Total adjustments to net current assets	(53,736,361)	(55,677,211)	(55,592,428)
Surplus or deficit after imposition of general rates	893,702	(449,343)	754,197

Audit, Risk and Improvement Committee Agenda - 9 December 2025

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of reserve account	Purpose of the reserve account
Restricted by legislation/agreement	
Cash in Lieu of Parking Reserve	Parking - Provide additional parking areas
Restricted by council	
Building Reserve	Building - Future new building capital requirements
Asset Management Reserve	Asset Management - Renewal and upgrade of current infrastructure
Cultural Centre Reserve	Cultural Centre - Equipment/plant replacement for Mandurah Performing Arts Centre and the provision of standby financing
Sustainability Reserve	Sustainability - Development of Mandurah as a sustainable city
Waste Reserve	Waste Facilities Reserve Fund - Future waste treatment initiatives
Interest Free Loans Reserve	Interest Free Loans - Interest-free loans to sporting & community groups for minor capital projects
CLAG Reserve	CLAG - Contiguous Local Authority Group for control of mosquitoes
Mandurah Ocean Marina Reserve	Mandurah Ocean Marina - Future maintenance/asset replacement at Mandurah Ocean Marina
Waterways	Waterways - Future maintenance/asset replacement of specific waterways infrastructure
Port Mandurah Canals Stage 2 Maintenance Reserve	Port Mandurah Canals Stage 2 Maintenance - Stage 2 Future maintenance of canals
Mariners Cove Canals Reserve	Mariners Cove Canals - Future maintenance of canals
Port Bouvard Canal Maintenance Contributions Reserve	Port Bouvard Canal Maintenance Contributions - Contribution Future maintenance of canals
Unspent Grants Reserve	Unspent Grants & Contributions - Operating and non-operating grants and contributions tied to future expenditure
Leave Reserve	Long Service Leave - To fund the long service and sick leave liability of Council's staff
Bushland Acquisition Reserve	Bushland Acquisition - For the purchase & protection of bushland and environmentally sensitive sites within the City
Coastal Storm Contingency Reserve	Coastal Storm Contingency - Provide for coastal emergency works due to storm damage
Digital Futures Reserve	Digital Futures - Fund development, investigation or commissioning of digital technology initiatives
Decked Carparking Reserve	Decked Carparking - Amount received from Landcorp in June 2006, set aside for Decked Carparking
Specified Area Rates - Waterside Canals	Specified Area Rates - Waterside Canals - Future maintenance of canals
Specified Area Rates - Port Mandurah Canals	Specified Area Rates - Port Mandurah Canals - Future maintenance of canals
Specified Area Rates - Mandurah Quay Canals	Specified Area Rates - Mandurah Quay Canals - Future maintenance of canals
Specified Area Rates - Mandurah Ocean Marina	Specified Area Rates - Mandurah Ocean Marina - Future maintenance/asset replacement at Mandurah Ocean Marina
Specified Area Rate - Port Bouvard Canals	Specified Area Rate - Port Bouvard Canals - Future maintenance of canals
Specified Area Rate - Mariners Cove	Specified Area Rate - Mariners Cove - Future maintenance of canals
Specified Area Rate - Eastport	Specified Area Rate - Eastport - Future maintenance of canals
Sports Club Maintenance Levy Reserve	Sports Clubs Maintenance Levy - To maintain various city buildings leased to clubs
City Centre Land Acquisition Reserve	City Centre Land Acquisition Reserve - For future property purchases within the City Centre area
Lakelands Community Infrastructure Reserve	Lakelands Community Infrastructure Reserve - Contribute to the construction of the community infrastructure on Lot 2300 Seppings Parade Lakelands
Plant Reserve	Plant reserve - Replacement of heavy plant and equipment
Workers Compensation Reserve	Workers Compensation - For the purposes of funding previous year workers compensation claims that are open and still have costs required to be paid by the City of Mandurah
Restricted Cash Reserve	Restricted cash carried forward for future use
Transform Mandurah Funding Program Reserve	Progress projects endorsed by Council under Transform Mandurah or identified through other City Strategies to support the City's Economic aspirations and objectives
Public Arts Reserve	To fund public art throughout the City of Mandurah district
Community Safety Reserve	To fund the relevant actions in the Community Safety Strategy that have been identified as being funded from this reserve
Large-Scale Arts and Culture Attraction Reserve	To fund Mandurah as a desirable City in its cultural offerings, by actively seeking impactful, large-scale arts and culture initiatives to Mandurah through research, partnerships and leveraging funding opportunities
