

### **Additional Information**

I am privileged to represent the Mandurah community as a Board Member on the Peel Community Kitchen, John Tonkin - Education Support, Greenfields Primary School, Mandurah Primary School, and the Peel Volunteer Resource Centre. These community groups deliver essential services and basic needs to Mandurah's growing population, and they are extremely professional in their respective field of service. I remain committed to supporting and celebrating the RSL, the Peel Multicultural Society, the WayFairers Group, celebrating our Senior Citizens; and promoting community mental health awareness (I have a Bachelor of Applied Science-Psychology; a Grad Dip-Counselling and Assessment Psychology, and part Masters in Clinical Psychology). I am also a member of the Royal Australian Justices of WA and work closely with the community to provide JP services.
