

### **Additional Information**

As your East Ward Councillor, I'm proud to represent the community where we call home where I grew up and where my children go to school. I pride myself on being one of the most engaged and accessible councillors. Since 2021, I've worked hard to represent your voice and deliver meaningful outcomes on Council. Working together with the community, we're now seeing long-overdue investment flowing into the East Ward, upgrades to local parks and reserves, and the Coodanup Foreshore finally taking shape. There's still plenty to do, and I'm seeking your continued support. These are the priorities I am committed to delivering for the East Ward:

- Seeing the Coodanup Foreshore redevelopment through to completion

- Delivering a new library and community centre in the East Ward

- Supporting safer, stronger neighbourhoods

- Investing in sporting facilities

- Upgrading playgrounds, reserves and public spaces

I'm passionate about our community & will keep showing up, listening & fighting for what matters.
