Acknowledgement of Country

The City of Mandurah (the City) would like to acknowledge the Bindjareb people – the traditional custodians of this land – and pay respect to all Elders, past and present.

Message from the Mayor and CEO

Mayor - Rhys Williams

Looking back at the long list of milestones, and projects that have been delivered, it's easy to feel proud of what's been achieved alongside our community as part of Mandurah's transformation. We have been able to successfully build upon the incredible momentum Mandurah has experienced this past year and continue towards our shared vision of creating a welcoming, vibrant and sustainable city for everyone.

This year, we have continued to plan, progress and deliver a huge range of works aligned to our 20 Year Strategic Community Plan, which sets clear goals of what we want to achieve with our community over the next two decades.

I'd like to recognise Mandurah's former Chief Executive Officer, Mark Newman. After 30 years of service with the City of Mandurah, including 20 years as CEO, Mr Newman finished his role in July 2023. We are thankful for the outstanding leadership Mr Newman provided during his time at the City, and the lasting legacy that has been left.

The Council worked hard to adopt a carefully considered 2022/23 budget which continued the positive momentum seen across Mandurah, but also addressed the complex fiscal environment faced by the community. Much care and effort was taken to endorse responsible, long-term budgeting, which puts Mandurah in good stead for investing in local places and spaces into the future.

One of the highlights of the past year is the launch of the Giants of Mandurah exhibition, which is an Australian first for world renowned recycle artist Thomas Dambo. Since their arrival in November 2022, the Giants have become an important and treasured part of Mandurah's story and have captured the imagination and creativity of the community and visitors from far and wide.

Mandurah was also crowned WA's Top Tourism Town for the second year in a row in May 2023, cementing the hard work and dedication to tourism from both the City, Visit Mandurah and the amazing local tourism sector.

We again delivered a full calendar of City-run events including the Channel 7 Mandurah Crab Fest, which was back after a three-year break due to the pandemic and attracted more than 120,000 people. We also welcomed locals and visitors from far and wide to Winter in Mandurah and Skating events, Australia Day celebrations, Christmas in Mandurah, the Mandurah Arts Festival and many more.

The City and its partners continued Mandurah's Assertive Outreach service, a one-on-one approach which helps our city's most vulnerable people. In its first year of operation, 36 local people were supported to find permanent housing. This has proven to be critical piece in our approach to tackling the issue of homelessness in our community.

Thank you to the City of Mandurah staff and all those people

across Mandurah and beyond that continue to contribute to a bright future for Mandurah. This includes our partners across all levels of Government, industry and investors and our local community groups and representatives. Also, to the dedicated Elected Members who continue to step forward to represent the best interests of this place.

All of these efforts, as well as many more in the pipeline, are working towards the Mandurah we want for the future.

CEO - Casey Mihovilovich

This year, the City of Mandurah continued to deliver a wide range of services, capital works and strategic planning in line with our 20 Year Strategic Community Plan, creating an even better city and bright future for all.

With the City continuing to deliver on its vision, I'd like to recognise the hard work, dedication and many years of service of Mandurah's former Chief Executive Officer, Mark Newman who finished his tenure in July 2023, after 30 years of service.

Throughout the year, momentum continued on a number of capital works projects including the \$22m Waterfront Project with the opening of the world-class play space, Koolaanga Waabiny Playground, in October 2022. We also released plans for the final stage of the waterfront upgrades to the community and progressed plans for the Western Foreshore commercial site.

Our work in transforming these popular public spaces has been pivotal in attracting private interest and investment to Mandurah, which will have huge economic and social benefits for our community. We look forward to seeing these opportunities progress in 2024.

Mandurah was also proud to host the WA State Natural Resource Management and Coastal Conference in September 2022, which further showcased our beautiful natural areas and unique environment.

Several milestone strategies were progressed which are vital pillars in creating a better community for today and into the future and setting our strategic framework. These included the Place Enrichment Strategy, Arts and Culture Strategy, Environment Strategy and Waste Education Plan, to name a few.

Thank you to the City staff for their commitment and dedication to making Mandurah a better place to live and visit. We look forward to continuing to deliver our bold vision for the future alongside our community this coming year.

**At 30 June 2023, Mark Newman was the CEO. At the time of production, Mark Newman had retired. Casey Mihovilovich commenced as CEO in July 2023.*

Mandurah's Place Vision

'We are built in nature - a meeting place surrounded by unique waterways, where the wellbeing of our people and our environment are nurtured; where business in the community can thrive and entrepreneurship is celebrated. We will be the place where a thriving regional city and the heart of a village meet. This is our Mandjoogoordap.'

Place aspiration

Woven by waterways (gabi), a city with a village heart (mandjoo koort).

City of Mandurah purpose

To create a vibrant and connected city that supports and improves the community for everyone.

Planning for the Future

In line with the requirements of the Western Australian Government's Integrated Planning and Reporting Framework (IPRF), the City periodically reviews its Strategic Community Plan and Corporate Business Plan. A minor review of the Strategic Community Plan 2020-2040 was undertaken during the 2021/22 financial year and is due for a Major Review in the 2023/24 financial year.

The Corporate Business Plan (CBP) 2021-2025 was reviewed during the financial year resulting in the CBP 2022-2026. The Corporate Business Plan lists the City's priority projects, initiatives and actions that will be undertaken over the next four years in response to identified community priorities. Performance against CBP priorities are presented through the Annual Report.

We look forward to continuing our exciting journey towards achieving our aspiration to be a thriving regional city with the heart of a village and a place we are really proud to call our meeting place, our Mandjoogoordap.

City services and activities

The City of Mandurah delivers a range of services to meet the needs of the community. These services include both external services such as Libraries, Recreation Centres and Rangers and internal services such as Human Resource Management, Finance and Governance.

Economic

Transform Mandurah

The City recognises that it has an important part to play in helping to achieve ongoing sustainability for the area and its residents and businesses.

The Transform Mandurah team assists the City to provide clear direction and show leadership to encourage growth of the local business community and job creation across current and emerging industries in the region.

This business area is responsible for the development and implementation of the City's Economic Development Strategy.

Strategic Planning and Urban Design

The team provides the delivery of key strategic initiatives that respond to the existing and future needs of Mandurah, consistent with the City's Strategic Community Plan, Western Australian Planning Framework and Transform Mandurah objectives.

The unit manages the delivery of strategic planning and urban design activities for the City particularly with regards to the development of the City Centre, major development proposals, major infrastructure projects, community infrastructure and precinct master plans to guide private and government investment projects and the provision of urban design advice and analysis.

It actively contributes expertise in strategic planning and design to the critical discussions within the City about advancing Mandurah as a regional city.

Festivals and Events

The team coordinates the delivery of the City's annual festivals and events program in line with the City of Mandurah Events Strategy 2019-2023. The service aims to attract visitors to Mandurah and increase the economic impact on the local economy.

The team is responsible for the delivery of the City of Mandurah's major events program, the attraction of externally delivered events to Mandurah and the coordination of the approval process for all events held in the City.

Project Management

Plan, design and deliver the City's major building and community infrastructure (Capital Works) projects aligned to the Project Management Framework, strategic/tactical/operational asset management planning and the Long Term Financial Plan.

Property Services

The team responsibilities include facilitating engagement across business areas to support the strategic management of the City's owned and leased property; management and administration of Leases and Licences for City owned and City leased property for commercial and community sectors, to ensure compliance and where relevant a commercial return for the City; provision of legal advice for matters relating to leases and licences; development and delivery of expressions of interests and trading for commercial use of property.

Social

Community Development

The Community Development team works with local individuals, groups, and services to grow local capacity to generate positive outcomes that develop safe, inclusive, resilient, and vibrant communities across Mandurah that positively impact on residents' wellbeing.

The team develops partnerships and positive relationships in the community space to support peoples' ability to better manage their own lives, peoples' connection to others, places and spaces, equitable access to resources, activities and events, and community services that target local issues effectively with a focus on those with vulnerability within the community.

Library and Heritage Services

The team is responsible for the provision of three public libraries and a museum that connects the community to local history, heritage, literacy, social connections, digital connections, and lifelong learning.

Arts and Culture

The team is responsible for the provision of diverse, enriching, and inspiring opportunities that promote a connection to the arts, to advance Mandurah as a cultural city, including an exciting calendar of exhibitions and initiatives from Contemporary Arts Spaces Mandurah (CASM).

Youth Development

The team's responsibility is to create and deliver a range of opportunities that support the growth and development of Mandurah's young people, including oversight of Billy Dower Youth Centre.

Seniors

The team is responsible for the provision of social and recreational activities and services for older residents at affordable prices to encourage connection and participation which supports healthy, active ageing, and reduce loneliness and associated negative health impacts. The Seniors and Community Centre offers people aged over 55 a huge variety of activities, services, delicious meals and special events.

Ranger Services

The team provides community safety services in the areas of animal management, fire management, vehicle control and parking and application of relevant legislation.

Health

Recreation Centres

The City of Mandurah delivers a range of accessible and inclusive programs through the Recreation Centres to positively impact and improve the mental and physical health and wellbeing of our community. These programs are delivered across two locations; the main centre being the Mandurah Aquatic and Recreation Centre (MARC) with additional facilitated sports competitions delivered from the satellite location of Halls Head Recreation Centre.

Recreation Services

The team provides key services, expertise and support to build the capacity of Mandurah's sport and recreation community through club development programs, funding and facilities management. In addition, Recreation Services manage the venue hire of all City owned community facilities including sports ovals and hard courts, sporting pavilions, community centres and public open spaces.

Health Services

The team monitors and regulates a wide range of activities and environmental conditions that have the potential to impact on the living standards and the health of our community, assists in improving and ensuring a high standard of public health is maintained throughout the City, and aims to identify actions to prevent or minimise public health risks, as well as promote and advance health and wellbeing for all people living in the community.

Environment

Waste Management

The team's responsibility is to oversee a waste management process that minimises environmental impacts, is affordable and does not adversely impact health and social outcomes for the Mandurah community.

Marina and Waterways

The team's responsibility is to manage and maintain coastal and marine infrastructure and natural assets to ensure long-term protection and enhancement of these environments.

Environmental Engagement

The team's responsibility is to support the community to value our natural environment and actively participate in partnership with the City to protect and enhance the environmental values that Mandurah possesses, and to optimise the City's energy and emissions footprints.

Bushland Management

The team's responsibility is to manage, restore and protect natural bushland environments and wildlife habitat in Mandurah to support conservation of locally native biodiversity for future generations.

Landscape Services/ Management

The team's responsibility is to provide high quality, functional, attractive, inclusive, and safe public open spaces that are actively utilised by the Mandurah community and visitors to the City, which can be maintained in a financially sustainable way and positively contribute to the community's health, wellbeing, and economy.

Organisational Excellence

Corporate Planning and Performance

The team coordinates the development and implementation of the City's Strategic Community Plan and Corporate Business Plan and its performance reporting processes in accordance with the WA State Government's Integrated Planning and Reporting framework.

The team also oversees the administration of the City's Project Management Strategy Framework and leads the community engagement function for strategic City projects managed by the Strategy unit.

Corporate Communications

The Corporate Communications team is responsible for managing the brand reputation of the City, planning, executing and evaluating communications that are distributed by the City including to our community, employees, stakeholders, media and public.

People and Culture

The People & Culture team supports the management of workplace and employee matters to support achievement of the City's overall strategic and business objectives. The team undertake a variety of activities including planning for the City's present and future workforce capabilities and needs, building leadership capability to help to shape the workforce in an evolving organisation, supporting the development of a skilled workforce to ensure employees are well equipped with the skills required to support the achievement of organisational objectives. The team aims to ensure the organisation is in a position to recruit and select the right person at the right time for the right role, and providing advice and guidance with industrial and employee relations matters.

Office of the Mayor and Councillors

The service provides support to the Mayor and Councillors in carrying out their decision making and representative role and in meeting their legislative and policy requirements. This includes facilitating governance and administrative requirements of Elected Members to ensure compliance with the Local Government Act 1995 and policies through the Elected Member Governance Framework, developing, facilitating and identifying Elected Member Community Engagement activities and opportunities to ensure ongoing connection between Elected Members,

key stakeholders and the broader Mandurah community, delivering civic events, managing the logistical and hosting requirements of Council and Committee meetings, briefing sessions, workshops and strategy weekends, and acting as a conduit between Elected Members and City administration for operational matters and requests for assistance, advice and information (as appropriate).

Operational Services

Operational Services is responsible for the delivery of a range of maintenance, repair, and management services for the City's parks and reserves, roads and drainage, buildings and facilities and the City's fleet.

Technical Services

The team is responsible for the provision of specialist civil and facilities engineering and technical expertise to support the City's economic, social, health and environmental objectives. The Technical Services business unit comprises of Survey Services, Engineering Design, Facilities Management and the Design and Development teams.

Strategic Asset Management

The service area provides strategic planning for the proper lifecycle management of the City's infrastructure assets to ensure that the City's infrastructure asset portfolio is managed to meet long term community level of service needs in a fiscally sustainable and responsible manner, through the development, implementation and regular review of the City's Asset Management Strategy, Asset Management Plans and the re-establishment and management of the Asset Management Working Group aligned with the City's Strategic and Corporate objectives and the Long Term Financial Plan.

Customer Services

Customer Service is the initial point of contact with the City and assists the community with queries, payments and information relating to the City's business through face-to-face contact and the City's Contact Centre, resolving 80 percent of enquiries at first point of contact, receipting payments for Council applications and services. The team also provides Administrative services for the City's Cemeteries and oversees the City's After Hours Call Management services (After hours service is provided through an afterhours call centre).

Information Management

The key components of this service are Records Management and Freedom of Information (FOI). The key responsibilities of the team are to administer the objectives of the State Records Act 2000, to provide an effective and operational recordkeeping program within a coordinated set of procedures to build a comprehensive and accurate corporate memory, and to administer the objectives of the Freedom of Information Act 1992 to enable public participation more effectively in governing the State and make the persons and bodies that are responsible for local government more accountable to the public.

Systems and Projects

The team provides, manages, monitors and supports all information and communication technologies that will store, retrieve, manipulate, transmit or receive information electronically or in a digital form. This includes hardware, communications devices or applications, including computer hardware, software, network infrastructure, video conferencing equipment, telephone systems and mobile phones.

Financial Services

The team is responsible for Financial Planning, Management Accounting, Financial Accounting, Financial Reporting, Insurance services, and accounting services provided for third party organisations.

Rating Services

The team is responsible for Rating Services, Debt Collection, Pensioner Management, Maintaining the Property database, and administration of Emergency Services Levy.

Statutory Planning and Lands

The team assesses and determines numerous planning applications, including Development Applications, Structure Plans, Subdivision Applications, Local Development Plans and Amendments to the Local Planning Scheme, in accordance with Local Planning Scheme No 12 and relevant Structure Plans and Local Planning Policies.

The team also provides a Land Administration function relating to:

- Disposal of land in relation to Pedestrian Access Way, Right of Way and permanent road closures, and administration of Management Orders for newly created reserves in accordance with the Land Administration Act 1997.
- Naming of Parks & Streets in accordance with Section 26 and 26A of the Land Administration Act 1997 in consultation with Landgate / Geographic Names Committee.
- The effective management of encroachments into City owned and managed land.

Building and Compliance

Primarily a statutory service responsible for controlling the construction, occupation and demolition of buildings through the issuing of permits and certificates to deliver quality development outcomes.

It assesses and determines various building applications in accordance with the Building Act 2011 and assesses and determines applications in relation to the Design Principles of the Residential Design Codes ('Single House' Assessments) and the City's Fencing Local Law.

The team is responsible for the enforcement of legislation relating to Planning and Building including unapproved business operations, commercial vehicles, construction site management, dilapidated and unsightly properties.

The team also provides copies of building records to an 'interested person' in accordance with section 131 of the Building Act 2011, building related general advice relating to the Building Act 2011, Building Regulations 2012, Building Code of Australia, Residential Design Codes and the City's Fencing Local Law, approval of Park Homes and Annexes with Caravan Parks as required by the Caravan Park and Camping Grounds Act and Regulations, and undertakes private swimming pool safety barriers inspections within a four-yearly cycle.

Emergency Management

The team provides Emergency Management leadership, driving continuous growth in individual, organisational and community resilience, manages the promotion and development of emergency management policies and practices throughout the organisation and community and ensures the City's compliance with the Emergency Management Act 2005 and associated legislation. The team also aims to build and maintain strategic partnerships and collaborative relationships to support prevention, preparedness, response and recovery efforts.

Governance Services

The team ensures that the City's governance activities are carried out efficiently, effectively and in compliance with statutory requirements. The team also supports elected members meet their governance obligations, supports the organisation and its employees to live the City's values through education and training to improve the understanding of governance and statutory requirements, and supports a risk aware, but not risk adverse culture, which actively considers risk in decision making and planning, and enables the ongoing improvement to the City's controls through internal audit programs.

Procurement Services

The team ensures that the City's procurement activities are carried out in an accountable and transparent manner. Team responsibilities include the delivery of a centralised procurement function for procurement processes valued at \$100,000 and over, development of annual procurement schedule by engaging with management to identify and prioritise capital projects and operational contracts in accordance with the City's requirements, delivery of Tenders (over \$250,000) and Formal Requests for Quotes (\$100,000 and over) in accordance with legislative requirements, policy and procedures, and providing procurement advice and support to the organisation on purchasing activities under \$100,000 to improve compliance with policy and procedures.

Focus for 2023 – 2024

- Mandurah Performing Arts Centre building works
- Rushton Park improvements
- Advocacy Priorities (Aged Care, Yalgorup National Park)
- Economic Development Strategy
- Literacy and Learning Strategy
- Waterfront Waterways Master Plan
- Community Infrastructure Plan
- Community Safety Strategy

Performance Highlights 2022-2023

Economic

Final stage of the Mandurah Waterfront development

The Mandurah Waterfront Project is a transformative initiative that stands as a testament to the City's dedication to excellence. As we enter the final stage, a significant milestone is reached in our ongoing journey of redevelopment. Launched in June 2020, this project has already brought remarkable changes to our beloved Western and Eastern Foreshores.

Some of the highlights include Mandurah Skate Park, Koolaanga Waabiny Playground, Kwillena Gabi Pool, Smart Street Mall upgrades, and the planning of the Western Foreshore commercial site.

The City has been on a journey to transform Mandurah's waterfront areas since 2018, engaging extensively with the Mandurah community, businesses, and stakeholders. The visionary framework has helped Mandurah to be a top-class destination.

Funded collaboratively by Federal and State governments and the City of Mandurah, the Eastern Foreshore North-Central Precinct stands as the grand finale of the Mandurah Waterfront Project. Ongoing community engagement echoes our commitment to creating a revitalised and welcoming area for residents and visitors.

City Centre Master Plan and Parking Plan

Mandurah is charting a visionary course for its future with the City Centre Master Plan and Parking Plan, setting the stage for a dynamic urban transformation. Embracing a comprehensive strategy, the City Centre Master Plan unfolds as a blueprint for Mandurah's growth, revitalising public spaces, enhancing connectivity, and fostering economic vibrancy.

Integral to this urban evolution is the Parking Plan, strategically addressing the city's parking needs. The plan aims to optimise existing parking infrastructure, provide convenient access, and support the burgeoning activity within the City Centre.

With extensive community engagement and input, these plans reflect Mandurah's commitment to creating a vibrant, accessible, and sustainable centre. As Mandurah continues to evolve, the City Centre Master Plan and Parking Plan stand as key pillars, guiding the city toward a future that seamlessly blends activity, movement, and character.

Giants of Mandurah

Mandurah has clinched the title of Australia's Top Tourism Town, and the success of the Giants of Mandurah played a pivotal role in securing this prestigious accolade. The iconic Giants, which made a grand entrance in November 2022, captivated locals, and visitors alike with their awe-inspiring presence. These colossal sculptures, ranging from three to six meters in height, brought a sense of wonder and enchantment to Mandurah's natural areas.

The Giants of Mandurah, designed by acclaimed artist Thomas Dambo, have added a magical touch to the city's landscape, becoming a major drawcard for tourists. Their arrival not only stirred excitement but also highlighted the City's commitment to fostering a vibrant and captivating tourism experience. The Giants have been a record hit for Mandurah, with more than 110,000 people heading to the Mandurah Visitor Centre since its launch in November 2022 – a more than 400 percent lift from the year before, creating a huge boost for local tourism and leisure businesses.

The recognition as Western Australia's Top Tourism Town is a testament to Mandurah's dedication to creating memorable and engaging attractions that leave a lasting impression on all who visit.

The Giants of Mandurah has been initiated and produced by FORM Building a State of Creativity and delivered in collaboration with the City of Mandurah. The project is supported by the State Government through Tourism WA's Regional Events Program, the Department of Local Government, Sport and Cultural Industries, and Lotterywest.

Yalgorup National Park Eco Tourism Development

Embarking on a journey to raise awareness and facilitate access to the pristine Yalgorup National Park, the City of Mandurah's long-term vision sees Yalgorup develop into an eco-tourism destination. This initiative, in partnership with the Department for Biodiversity, Conservation and Attraction, aims to provide a sustainable platform for residents and visitors to connect with the park's unique ecological wonders, bridging the gap between conservation and exploration.

The project envisions a seamless blend of environmental preservation and educational exploration, showcasing biodiversity and fostering environmental consciousness. The City's commitment to responsible tourism shines through in this endeavour, designed to offer an immersive experience while safeguarding the delicate ecosystems within the park.

Yalgorup National Park holds immense potential to not only elevate Mandurah's global tourism profile but also stimulate economic growth, create jobs, and support local businesses.

Western Foreshore Commercial Site

The City is entering an exciting chapter in the revitalisation of Mandurah's City Centre, inviting proposals for the future use of the Western Foreshore adjacent to the Mandurah War Memorial. With a preferred proponent endorsed by Council in November 2022, the City is engaging with the selected business and State Government to work through the details of the opportunity and seek an appropriate lease, signalling a commitment to fostering significant private investment in this iconic location.

Having nearly completed the redevelopment of public spaces along the Western Foreshore, the next phase is encouraging private investment. The Western Foreshore, a pivotal part of Mandurah's City Centre transformation, presents a unique opportunity for long-term investment, with its scenic location on the Peel-Harvey Estuary within the City Centre.

Channel 7 Mandurah Crab Fest

The 2023 Channel 7 Mandurah Crab Fest was a resounding success, leaving a flavourful imprint on more than 120,000 locals and visitors. This annual celebration of Mandurah's coastal culture featured an impressive array of crab-inspired dishes, live performances, and family-friendly activities. The festival not only showcased the region's culinary talents but also promoted Mandurah's cultural vibrancy.

Beyond the gastronomic delights, Crab Fest significantly bolstered Mandurah's economy by attracting a surge of tourists, stimulating local businesses, and creating a bustling atmosphere along the waterfront. This economic boost reinforces the festival's vital role in positioning Mandurah as a premier destination, contributing to its growth and prosperity.

The Channel 7 Mandurah Crab Fest stands as a testament to the City's ability to host successful events that celebrate its unique identity while fostering economic vitality.

Visit Mandurah

The City's \$1.1m investment in Visit Mandurah in 2022/23 secured the city as Western Australia's top tourism town for the second year running. Mandurah was also awarded the Bronze in the National Finals of the Top Tourism Town category held in Canberra in September 2022, further solidifying our reputation as a sought-after destination nationwide. Visit Mandurah also collected Gold in the 'Visitor servicing' category pertaining to the visitors centre in November 2022 and bronze in the tourism Marketing category at the Perth Airport Western Australia Tourism Awards.

These awards reflect improving tourism outcomes. The City has experienced a notable surge in domestic day trips and overnight visits has resulted in 12.5% increase in day trippers and 11.8% increase in total domestic visits. From November 2022 to June 2023, Mandurah experienced a 6.7% increase in intrastate visitor spending compared to the previous year. This represents a \$40.2 million boost, bringing the total intrastate spend to \$644.7 million. The impact on interstate visitor spending has been even more striking. From November 2022 to June 2023, there was a remarkable 53.7% surge in spending from interstate visitors compared to the previous year. This impressive increase amounts to \$17.8 million, pushing the total interstate spend to \$50.9 million*.

Social

Place Enrichment Strategy

Mandurah, a place where community thrives, is taking further steps towards building connected, vibrant neighbourhoods and places. This initiative, that celebrates collaborative efforts between all residents and the City is a testament to the shared commitment to fostering a strong sense of belonging, being, opportunity and linkages to local places and spaces.

In August 2022, the City undertook a community engagement and co-design approach that shaped the emerging Strategy. Mandated by the City, the Strategy seeks to create positive, resilient, cohesive communities that support social connectedness, foster pride, and optimise resource allocation for maximum community benefit.

The Place Enrichment Strategy will empower Mandurah's local communities through active participation in creating local places, spaces and activities that reflect community aspirations, energy, and commitment in strengths-based ways that underpins community achievements and builds neighbourhoods where being and belonging are celebrated.

Dawesville Community Centre

Dawesville residents are eagerly anticipating the realisation of the new Dawesville Community Centre, which marks a significant leap forward in the City of Mandurah's commitment to community development. The project, initiated in August 2021, will create a new multi-purpose community centre. The City is advancing plans for this modern facility, designed to meet the diverse needs of the local population. The Dawesville Community Centre is an important project for the southern Mandurah corridor and highlights the City's dedication to fostering community connections and enhancing resident wellbeing. The emphasis on inclusivity positions the new centre as a hub for various activities, programs, and events, contributing to the social vibrancy of Dawesville.

Arts and Culture Strategy

The City of Mandurah continues to cultivate a vibrant cultural landscape. The proposed Strategy has been crafted to shape the city's artistic identity and was developed in consultation with the community, artists, and stakeholders, outlines a roadmap for fostering creativity and enriching cultural experiences.

The Arts and Culture Strategy is a testament to Mandurah's commitment to becoming a hub of artistic expression. It embraces diverse art forms, encourages community engagement, and supports local talent. The strategy aims to enhance cultural infrastructure, promote public art initiatives, and create platforms for artistic collaboration. Through this visionary framework, the City aspires to weave the fabric of arts and culture into the community's daily life, fostering an environment where creativity thrives. The Strategy will be launched in the 2023/24 financial year.

Youth Development Strategy

Following the launch of the new Youth Strategy (2021-2026), the City of Mandurah has achieved significant milestones this year. This strategy, developed in collaboration with young people, encapsulates a holistic approach to address the distinctive needs and aspirations of the younger population. This initiative underscores the City's dedication to nurturing the potential of its younger residents, ensuring they have the necessary tools and resources for growth, active participation, and positive community contributions.

Significant contributions this year include the delivery of the online Youth Services Directory, a Careers Experience Day specific to the needs of young people, launch of the Youth Leadership Network, ongoing delivery of the Junior Council, Youth Advisory Group, two City of Mandurah youth leadership programs and launch of the Home School Group. These opportunities are part of a suite of programs and opportunities that the City delivers and leverages to enhance the personal and social development of Mandurah's diverse youth community.

Mandurah Performing Arts Centre

The City's investment into the Mandurah Performing Arts Centre (ManPAC) during 2022/23 financial year supported ManPAC's success as a thriving hub for extraordinary, dynamic and creative ideas. City support is valued at approximately \$1.1m, including a direct cash contribution of \$758,886 plus building maintenance and other commitments carried out as per responsibilities in the Lease and Memorandum of Understanding.

During the 2022-2023 Financial Year, ManPAC reinforced its strong position as one of Australia's leading centres for the arts through delivering exceptional national and international performances and ground-breaking community engagement programs. Key achievements and items of note include:

- Consecutive fourth year of budget surplus indicating financial sustainability, with 2022-2023 financial year resulting in a profit of \$477,116 and reported economic impact of \$22.26m.
- Hosted 265 performances and events during the 2022-2023 Financial Year of which a record number of fifty-two sold-out events.
- "ManPAC Presents Program" achieved a record of 14 sold out events and presented a diverse program across multiple arts forms including: theatre, dance, opera, circus, world music, comedy, classical music, musical theatre, visual arts, workshops, youth, children's events and community engagement programs.
- High attendance with record ticket sales, with a total of 96,420 patrons attending events with a record audience occupancy rate of 75% for all ticketed events.
- Investment in over \$380,000 in asset replacements and upgrades that will allow the Centre to provide better quality performances and better customer service for its patrons.
- 99.75% Net Promoter Score from ticket buyers who are Extremely Likely to Recommend ManPAC to Friends & Colleagues.
- Nine Community Engagement Projects delivered including: The Art of Wellbeing Project; Act One – Disability Drama Group; KickstART – Business Development for Young Creatives; Young Mandurah Songwriters Club by Chop Street Music; Inkclusive Poetry Group; The Book Project; Zine Workshops; The ManPAC Community Choir; and Barking Gecko Road Co.
- 24 Collaborations undertaken, for example, NAIDOC Celebrations, Peel Open Studios Exhibition, 'Friends of Mandurah Performing Arts Centre' (FOMPAC), Silent March, Chorus Ability Arts, Dot's Place (Cancer Council) and 4Dads (Relationship Australia).

- A total 20 visual art exhibitions focussed on supporting local artist and organisations were displayed at ManPAC.
- Successfully acquired 6 new Funding Grants.
- Significant increase in online growth including Website (+ 48%), Facebook (+ 59%), Instagram (+ 19%) and ManPAC mailing list (+23%).
- ManPAC's Patron Annual Giving Program achieved \$97,600 in donations for the 2022-2023 financial year, an increase of \$43,350 compared with the previous financial year.
- A variety of operational achievements such as new policy, governance initiatives, marketing and human resource improvements.

ManPAC has had a stellar year in achieving its vision and business objectives.

Health

Public Health Plan outcomes

The City of Mandurah's Public Health and Wellbeing Plan, shaped by community consultation, is yielding positive outcomes that reflect its commitment to the community's overall wellbeing. Through targeted initiatives and strategic planning, the City is achieving tangible results in the realms of public health.

Key outcomes include increased community engagement in health programs, higher awareness about healthy lifestyle choices, and enhanced access to health resources. The City's efforts are contributing to a more health-conscious community, fostering an environment where residents are empowered to make informed decisions about their wellbeing.

The Public Health Plan aligns with the City's broader vision for a healthier Mandurah, emphasising prevention and community-based strategies. By focusing on these outcomes, the City of Mandurah continues to play a vital role in creating a community that prioritises and actively pursues a healthier, more resilient future.

City of Mandurah Sports Awards

The City of Mandurah celebrated local sporting excellence at the 2022 Mandurah Sports Awards, recognising the outstanding achievements of home-grown sports stars. Held with great enthusiasm, the event highlighted the dedication and accomplishments of athletes, coaches, and volunteers who contribute significantly to the sporting community.

Mandurah Sports Awards highlights the City's commitment to fostering a positive and thriving sports culture. From individual accomplishments to team successes, the annual event celebrates the resilience and passion that characterise Mandurah's sporting community.

As a key event in the sporting calendar, the Mandurah Sports Awards not only applaud individual and team achievements but also stand as a moment to recognise the invaluable contributions of local volunteers and local sporting clubs throughout the year. It serves as a platform for acknowledging the dedication and efforts of these community members, making it an integral part of the region's sports landscape.

Health and wellbeing programs – MARC

The City of Mandurah is dedicated to enhancing the health and wellbeing of its residents through a range of programs, with a special focus on initiatives at the Mandurah Aquatic Recreation Centre (MARC). These programs, designed to promote a comprehensive approach to wellbeing, encompass fitness, recreation, and community engagement.

MARC serves as a central hub for the Mandurah community, offering diverse fitness classes, swimming programs, and recreational activities. From aqua aerobics to wellness workshops, the centre provides opportunities for residents to prioritise their mental and physical health.

Catering for people of all ages within the community, MARC goes beyond being just a facility for sport and fitness. It serves as an important space for connecting with community members, fostering a sense of belonging and shared wellness goals. The centre hosts various programs tailored for children, emphasising the importance of health and wellbeing from a young age, including swimming lessons that teach vital water safety skills.

The City's commitment to health and wellbeing is evident in its strategic approach, fostering a community where residents can access resources and support to lead active, fulfilling lives. As the programs continue to evolve, MARC remains a cornerstone for promoting a holistic approach to health that extends beyond physical fitness, embracing community connections and lifelong learning.

The Program Pool and some associated amenities at the MARC continued to be closed while a new roof was being designed and constructed. The MARC is expected to be back to full operations by the March 2024.

Public Open Space Upgrade Program

The City of Mandurah is enhancing the community experience within nature through substantial upgrades to public open spaces. Notable transformations include the Falcon Bay redevelopment, the revitalisation of Coodanup Foreshore, and improved amenities at Kangaroo Paw Park.

The Falcon Bay redevelopment aims to further embellish this vibrant waterfront space, providing residents with an inviting environment to relax and connect. The upcoming Coodanup Foreshore upgrades also seek to enrich the foreshore experience by offering updated and accessible amenities and recreational opportunities for residents while celebrating the natural environment of the area.

Kangaroo Paw Park has undergone improvements to elevate its functionality, accessibility, and aesthetic appeal, contributing to the overall enhancement of public spaces in Mandurah. These upgrades align with the City's commitment to creating accessible, welcoming, beautiful, and community centered open spaces, ensuring residents can enjoy a higher quality of life and fostering a sense of pride in their local environment.

Environment

Environment Strategy

The City of Mandurah is taking decisive steps to protect and enhance its beautiful natural environment through the development of a forward-thinking Environment Strategy. Together, the Strategy and its associated Implementation Plan, provide a clear direction and priorities for the City's environmental portfolio for the next 10 years.

The Strategy was shaped through extensive engagement involving local environmental volunteers, expert stakeholders, staff, and the wider community, building a shared vision for the future of Mandurah's environment. Focusing on maximising nature's place in the urban environment, the protection of Mandurah's waterways, managing the City's own environmental footprint, and engaging the community as active stewards of the environment, the strategy aims to foster a healthy and diverse natural environment where we walk softly on our Mandjoogoordap. It also prioritises consideration of a changing climate, ongoing education and collaboration with the community, and a responsibility to continuously improve the City's processes and approach.

Aligned with Mandurah's broader vision to create a more sustainable future for its residents, this strategic initiative demonstrates a commitment to continuing to strive for community leadership in sustainability and ensure a thriving environment for generations to come.

Launch of City's Waste Education Plan

The City of Mandurah has launched its inaugural Waste Education Plan, a pivotal step toward collaborative waste management for a sustainable future. The Plan integrates new and existing actions, programs, and initiatives, aiming to educate, encourage, and empower both City staff and the community to help reduce Mandurah's environmental footprint and create a beautiful, clean, and sustainable environment for all.

This plan is the inception of a long-term waste education journey and emphasises the City's commitment to environmental leadership.

Aligned with the City's Strategic Waste Plan 2020-2025, which positions the City to achieve WA State Government's waste targets, the Waste Education Plan establishes a framework for the delivery of waste education initiatives over the next three years and includes a detailed Implementation Plan.

The plan prioritises reducing both City and community waste generation, enhancing resource recovery, encouraging appropriate disposal of waste, and combatting illegal dumping and littering. These focus areas guide the City's commitment to striving for zero landfill, fostering environmentally friendly waste behaviours, and safeguarding the environment from the impacts of waste and litter. Together, Mandurah envisions a future where every resident contributes to reducing the environmental footprint, paving the way for a more sustainable and low-waste city.

The plan for Mandurah's Northern Beaches (CHRMAP Implementation Action Plan)

The City of Mandurah invited the community to shape the future of the northern beaches through feedback on the draft Coastal Hazard Risk Management and Adaptation Plan (CHRMAP) and adopted by Council in November 2022 with a recommendation to create a short-term implementation action plan. The Implementation Action Plan reflects the short-term actions over a 10 year timeframe to address the immediate risks as well as actions that will assist in mitigating the medium to long-term risks, ensuring local values and priorities along the Roberts Point - Halls Head to Madora Bay stretch are considered.

Emphasising the collaborative effort, a focus was placed on educating the community about coastal risks and values, leading to the development of the CHRMAP framework. Identifying vulnerabilities to hazards like flooding and erosion, the plan envisions a resilient future for the beaches and community assets that form a crucial part of the Mandurah's identity. As the dynamic coastline evolves, the CHRMAP utilises scientific expertise, governmental understanding, and community input to preserve, celebrate, and appropriately manage these spaces.

Water sensitive urban design

Embracing innovation in sustainability, the City of Mandurah is continuing to drive the implementation of Water Sensitive Urban Design (WSUD) principles, marking a significant stride in responsible urban planning. The WSUD approach integrates water management strategies into the urban landscape prioritising environmental conservation and community interaction with quality public open space.

This forward-thinking initiative aligns with Mandurah's commitment to creating resilient, interconnected, and water-efficient communities. The incorporation of WSUD practices recognises water as a crucial resource and not only protects the long-term sustainability of Mandurah's waterways but supports increasing water demands, the growth of native vegetation and biodiversity, and more liveable spaces for community and wildlife.

Mandurah aims to make the best use of water resources by investigating alternative water sources, reducing the demands for potable water, minimising the generation of wastewater, and more effectively managing and treating waste and stormwater for reuse. Integrating these principles through green spaces, permeable surfaces, and sustainable drainage systems, the City aims to mitigate the impacts of urbanisation and maximise nature's place in the urban landscape. The City's proactive embrace of WSUD underscores its dedication to building a more sustainable and resilient community for current and future generations.

Organisational Excellence

Work Health and Safety (WHS)

In 2016 the City implemented the first Three Year OSH Strategic Plan to assist with the management of the City's safety systems. Since then, a range of actions have been implemented to improve the City's WHS culture and performance. The City is currently operating under the 2022-2025 WHS Strategic Plan.

OneCouncil

The City has reaped ongoing benefits from the successful implementation of our comprehensive "OneCouncil" system, encompassing Finance, Asset Management, Works Management, Human Resources, and Supply Chain modules.

These components have consistently delivered increased productivity and efficiency. In the current year, the City expanded its capabilities by introducing core compliance modules, covering Building, Planning, Animal Management, Pool Inspections and Infringements. Additionally, a new Customer Request module was launched to streamline the management and resolution of public enquiries.

To enhance accessibility, online functionality has been introduced, enabling customers to submit applications and track requests seamlessly. The City's commitment to leveraging technology for improved service delivery remains a cornerstone of its ongoing efforts.

New Community Initiated Infrastructure Policy compiled and endorsed

The City of Mandurah's commitment to fostering community engagement and responsive infrastructure development is exemplified in its newly endorsed Community Initiated Infrastructure Policy. Formulated and approved in 2022, this award-winning policy serves as a guiding framework for addressing unscheduled requests related to community infrastructure on the City's owned or managed land that are not included in the City's budget or Long Term Financial Plan. The policy helps to accelerate community projects or infrastructure that is funded by individual groups and has so far led to a range of outstanding community projects that are aligned with the Strategic Community Plan.

Supported by the Community Initiated Infrastructure Policy Framework (CIIP), the policy outlines a detailed decision-making process. Applications undergo a thorough assessment based on criteria such as community need, project scope and financial resources.

Long term financial planning

The City's Plan is a 10-year Long Term Financial Plan that allocates funds to various areas to achieve the vision of a city with a village heart, connected by waterways. The Plan ensures that the City can afford the actions in the Corporate Business Plan and maintain financial ratios that meet the standards of the Department of Local Government Sport and Cultural Industries.

The Plan helps Council make evidence-based decisions and shows the community the projects that Council is committed to. The Plan is flexible and can adapt to new opportunities that benefit the community. The Plan also enables City officers to plan and design projects earlier and apply for grant funding more effectively.

Year in Review 2022 - 2023

JUL

- Winter in Mandurah
- Skating in Mandurah
- City joins Small Business Friendly Program, run by the Small Business Development Corporation
- Community Initiated Infrastructure Policy endorsed

AUG

- Bird drinking station opens in Dawesville
- Council supports Mandurah Bowling and Recreation Club and South Mandurah Tennis Club to receive Community Sporting and Recreation Facility Fund small grants (State Government)

SEP

- City seeks public feedback on City Centre Master Plan and Parking Plan
- Mandurah hosts WA State Natural Resource Management and Coastal Conference

Financial Performance 2022/23

Summary

The City's balance sheet shows a strong financial position with \$69.9 million held in cash and investments on 30 June 2023. Debt levels, and the ability to service that debt sit well within guideline levels. Coupled with sound liquidity, the City is a financially stable organisation. Regular reports to Council on the City's financial performance demonstrates a good level of budgetary control.

Regular discussions are held with the Audit and Risk Committee, which has a responsibility to provide support and guidance on the critical areas of finance, governance and risk. In considering its longer-term financial future, the City has identified the importance of financial sustainability and ensuring that value for money for the community is a key factor in decision making to maintain reasonable levels of rates increases, while recognising the needs of the community, in relation to their capacity to pay.

The City reviewed its Long Term Financial Plan in June 2023. This plan, which is to be reviewed at least annually identifies future capital and operating priorities and how they may be funded. It also sets out the City's path to financial sustainability into the future.

The Annual Financial Report and Auditor's Report are available at mandurah.wa.gov.au/council/governance/community-and-annual-reports.

Operating surplus of
\$1.019 million

Cash and investments
increased by \$22.5M to
\$69.9 million

Operating revenues
increased by \$10.8M to
\$131 million

Capital projects expenditure
decreased by \$3.04M to
\$20.74 million

Rates (66.7% of operating revenues)
increased by \$4.76M to
\$87.4 million

Rateable properties
increased by 486 to
47,294

Operating expenses
increased by \$13.3M to
\$148.8 million

Operating Expenditure

Operating Expenditure by Aspiration

Capital Expenditure

Operating Surplus

The City's Long Term Financial Plan works on widening the gap between Operating Revenue and Operating Expenditure to ensure there are sufficient funds to invest in the City's \$1.53 billion asset portfolio, pay down debt and increase the City's reserve funds.

Register of Minor Breaches - Complaints Register

Section 5.121 of the Local Government Act 1995 requires a local government to maintain a register of complaints that result in an action dealing with a minor breach.

There were no complaints recorded in the register of complaints during the reporting period, no sanction was imposed as an outcome of the complaint. No remuneration or allowances were paid by the City of Mandurah under Schedule 5.1, clause 9 of the Local Government Act 1995 during the financial year. No payments were made to the City of Mandurah under section 5.110(6)(b)(iv) of the Local Government Act 1995 during the financial year.

Register of Fees, Expenses and Allowances Paid to Council Members

This register is updated to the City of Mandurah website no later than 14 July of each Financial Year to which the information relates. The following register includes any fees, expenses or allowances paid to each council member for the financial year beginning on 1 July 2022 to 30 June 2023.

Employee salaries over \$130,000

The figures below represent a cash base salary but do not include vehicle allowances or superannuation.

No of Employees	
Salary Range	2022/2023
\$130,000 - \$139,999	6
\$150,000 - \$159,999	7
\$160,000 - \$169,999	4
\$180,000 - \$189,999	1
\$190,000 - \$199,999	5
\$230,000 - \$239,999	3
\$240,000 - \$249,999	1
\$290,000+	1

The Chief Executive Officer total remuneration was \$378,218.47 for the 2022/23 financial year.

Grants, Subsidies and Contributions

The table below details the value of all capital grants, subsidies and contributions for replacing and renewing assets, that were received by the City during the last three years.

2022/2023	2021/2022	2020/2021
\$1,700,000	\$5,800,000	\$2,100,000

Major Trading Undertakings

There were no major trading undertakings during the 2022/23 financial year.

Major Land Transactions

There were no major land transactions during the 2022/23 financial year.

Information Management (Record Keeping)

The State Records Act 2000 requires the City to provide an Annual Report and have an endorsed Record Keeping Plan (RKP) to detail the way we create, capture, maintain, manage, store and dispose of our records. In accordance with Section 28 of the State Records Act 2000 (WA), the City's Record Keeping Plan was reviewed and submitted to the State Records Commission (SRC) for approval in October 2022. The Record Keeping Plan is an accurate reflection of the recordkeeping program within the City, including information regarding the City's recordkeeping system(s), disposal arrangements, policies, practices, and processes. The next review of the City's Record Keeping Plan is due in 2027.

The objectives of the City of Mandurah Record Keeping Plan are to ensure:

- Compliance with Section 28 of the State Records Act 2000;
- Recordkeeping within the Local Government is moving towards compliance with State Records Commission Standards and Records Management Standard AS ISO 15489;
- Processes are in place to facilitate the complete and accurate record of business transactions and decisions;
- Recorded information can be retrieved quickly, accurately and cost effectively when required; and
- Protection and preservation of the Local Government's records.

The City has a dedicated Information Management Unit who is responsible for providing oversight of records management services compliant with the City's Record Keeping Plan, policy and procedures, and State Records Office of Western Australia (SROWA) requirements. All new employees with administrative responsibilities are provided with face-to-face training on OneCouncil - ECM as well as access to a support hub containing guidance materials in a range of formats for records management.

Key improvements and achievements within the City's information management in 2022/23 included:

- Record Keeping Plan was reviewed and approved by the State Records Commission in accordance with State Records Act 2000 (WA).
- Information Management Training Strategy and Plan 2022-2023 was approved and implemented.
- 2022-2023 Information Statement was reviewed and published in accordance with the Freedom of Information Act 1992 (WA).

- Implementation of a new Electronic Document Management System (EDRMs) organisational wide (and ceasing use of the former records management system). As part of the change management process to the new system, the Information Management team delivered training to 332 staff across 46 business units, as well as providing a series of drop-in sessions, ad hoc one-to-one assistance, and a suite of self-service support materials.
- All new employees complete an online training on their record keeping responsibilities as part of the induction process.
- Training provided to Elected Members.
- Active participation in the Local Government Records Management Group, including hosting one meeting at the City of Mandurah.

Freedom of Information (FOI)

Freedom of Information gives the public a right to access government documents, subject to some limitations. In Western Australia, under the Freedom of Information Act 1992 (WA), the right applies to documents held by most State Government agencies, including local governments. Documents accessible under the Act include physical records, plans and drawings, photographs, tape recordings, film, videotapes, and all types of information stored electronically.

Agencies are required to assist applicants to obtain access to documents at the lowest possible cost.

Anyone can also apply to amend their personal information in government documents if the information is inaccurate, incomplete, out of date or misleading.

Pursuant to Part 5 of the Freedom of Information Act 1992 (WA), the City must prepare and publish an annual Information Statement which provides information about the City and its functions, the Freedom of Information process, and information that can be accessed outside the Act. The current Information Statement can be accessed on the City's website.

	2022/23	2021/22	2020/21	2019/20	2018/19
FOI Applications Received	17	8	10	2	4
Average processing time (days)	30	32	29	8	14.5
Decision Outcomes					
Access in Full	0	1	2	1	1
Access with Editing	13	6	6	1	3
Applications Withdrawn	0	1	0	0	0
Refused Access (Section 26)	1	0	1	0	0
Access refused to all requested documents	1	1	0	0	0

*NB: total numbers may vary as applications received can be completed in next financial year.

Access to documents outside the formal process

Thinking outside the box: One of the most effective things agencies can do to achieve the objectives of the Freedom of Information Act is to disclose information outside the formal process unless there is a good reason not to do so. This can be achieved by proactively publishing information, or by providing requested information without the requirement for a formal FOI application.

Number of informal enquiries

The number of inquiries received, wherein after explaining the process, clarifying the scope, and discussing the information, it was possible to provide the required details outside the formal procedure. Alternatively, the customer decided not to proceed with an application.

34

Access and Inclusion

Access and Inclusion

The City of Mandurah is committed to ensuring people with a disability are recognised and included as integral members and contributors within our community. In accordance with the Disability Services Act 1993, it is mandatory for all local governments to create, implement and report on an Access and Inclusion Plan. This plan identifies access barriers, suggests solutions, and helps ensure that people with disability have equal access to facilities and services as others. Over the past year, the City has made significant strides in implementing the AIP strategies, achieving notable outcomes for people with disability through collaborative efforts with community stakeholders and across the organisation. The Access and Inclusion Plan (AIP) is a crucial tool for ongoing enhancement of accessibility and inclusion.

Outcome area one: People with disability have the same opportunities as other people to access the services of, and any events organised by, a public authority.

This outcome area is about enhancing or ensuring that all people can access your organisations public events and general services.

In 2022/2023, the City of Mandurah has:

- Continued to make available, update and promote Chill Out Zone equipment, available for hire to businesses, community groups and individuals. This has resulted in an increase in the hire of the Chill Out Zone resources.
- Supported 'EasyBeatz,' through the City's Community Grants program, a project fostering inclusion for people with disability in Mandurah's social nightlife. Initiated by local people with intellectual disability seeking a safe space to connect, EasyBeatz events have gained popularity, prompting a move to a larger venue at The Brighton due to high demand.
- Introduced an 'Inclusion in Sport' Showcase, to provide information about how people with disability could get involved in sport and how clubs could become more inclusive. The event highlighted the power of sport being able to connect people through shared interests.
- Introduced a sensory map and Social Story™ for Crab Fest 2023, making the event more accessible for people with disability. Additional features like a Chill Out Zone, mobility scooter recharge station, and the option to borrow noise reduction earmuffs and fidget spinners were provided, ensuring inclusivity. An access audit by the Youth Disability Advocacy Network (YDAN) offered valuable insights for future event planning.

Outcome area two: People with disability have the same opportunities as other people to access the buildings and other facilities of a public authority.

This outcome area is about enhancing or ensuring accessibility in the planning, design, and improvement of built infrastructure.

In 2022/2023, the City of Mandurah has:

- Upgraded local parks such as Kangaroo Paw Park in Greenfields for inclusivity, featuring sensory play equipment, an accessible play shop area, a ramp to the play fort, picnic tables, barbeques, drink fountains, and pathway access.
- Installed mobility scooter recharge stations, including two at the Seniors and Community Centre, one on the Eastern Foreshore, and another at the MARC. Mandurah Forum has supported this initiative by providing two recharge stations as well. These installations facilitate easy navigation for people using mobility scooters, promoting independence and confidence to enjoy all that Mandurah has to offer.

Outcome area three: People with disability receive information from a public authority in a format that will enable them to access the information as readily as other are able to access it.

This outcome area is about enhancing and ensuring that information and communications are inclusive and accessible.

In 2022/2023, the City of Mandurah has:

- Developed the Accessible Parks flyer with input from local individuals with disabilities who evaluated parks across Mandurah. The flyer outlines accessible features at each park. This resource assists people in planning a visit to a local park, providing insights into the available facilities and encouraging people with disability to explore Mandurah's parks.
- Introduced communication boards with the support of Developmental Disability WA and the local community, to aid individuals with limited language skills. These boards, featuring symbols and illustrations, assist people in expressing themselves and communicating with others. Downloadable from the City's website, these boards can be used at the MARC and the Western Foreshore playground. Moreover, the boards are installed at the MARC and will soon be on display at the Western Foreshore playground for community use.

Outcome area four: People with disability receive the same level and quality of service from the staff of a public authority as other people receive from the staff of that public authority.

This outcome area is about enhancing and ensuring that the quality and range of services and processes are consistent, inclusive, or readily adjust to people's needs.

In 2022/2023, the City of Mandurah has:

- Ensured Customer Services Officers have access to information to support responding to customer questions relating to disability, access and inclusion in Mandurah.
- Identified any trends in the questions being asked about disability in Mandurah and developed actions to support the City to be responsive when delivering services inclusive of people with disability.
- Keeps the City Website updated with information about accessible and inclusive activities, services, and facilities for people with disability. The Access and Inclusion landing page includes detailed information about local accessible and inclusive activities on the 'Disability Services, Sport and Recreation' page.
- Workshops are delivered to staff about facilitating, promoting and delivering accessible events. These workshops were delivered by the Youth Disability Advocacy Network (YDAN) in different locations to encourage employees from a range of business areas to attend.
- Employees from the City's MARC Creche team attended a workshop facilitated by Developmental Disability WA about how to support children with communication challenges and delays within a creche environment. Representatives from the creche were keen to attend this workshop to support a more inclusive culture within the creche.
- The updated Customer Service Delivery Standards supports a consistent approach to the use of disability language and expectations for positive interactions with customers with disability.
- Hidden Disability Sunflower Initiative assists to create a disability-inclusive culture by enabling people to share that they have a non-visible disability by wearing the sunflower. Customer-facing employees will be empowered with the tools and confidence to offer support and can wear the sunflower symbol to help customers identify which champion to approach.
- Two workshops on how to write a social story have been delivered to employees across a variety of business units including Environmental Services, Health, People and Culture, MARC, Library and the Mayor's Office. A social story

template and fact sheet has been made available on the intranet for employees to access to assist when creating social stories for events and programs.

- As part of the International Day of People with Disability event in 2022, a local autistic person spoke about her experience as an adult autistic community member and explained what types of community environments can support her experience and independence.

Outcome five: People with disability have the same opportunities as other people to make complaints to a public authority.

This outcome area is about enhancing and ensuring that complaint mechanisms effectively receive and address complaints from any members of the community, staff or customers.

In 2022/2023, the City of Mandurah has:

- Developed a Complaints Management Framework (CMF) that includes information to support people with disability to make a complaint. The Governance Services team have presented to the AIAG about the development of a CMF. The presentation included an interactive activity using 'photocards' to support discussions about what types of supports could enable people with disability to make a complaint including access to disability advocates and availability of accessible documents.
- After the 2023 Mandurah Crab Fest event, the identified a need to strengthen knowledge and understanding by security staff regarding the rights of people using guide dogs. The City has proactively responded to the feedback by including 'Access and Inclusion' training as a qualitative criterion in the tender documents for the new Security contract. In addition to this, the text on the front of the administration building has been reviewed by a person who is blind, with new text to include 'guide dogs welcome'.
- The City aims to provide excellence in customer service, including responding to negative feedback. When the City is contacted with negative feedback about the accessibility of facilities and services in Mandurah the feedback is first directed to the relevant team for response and management. In addition to this, and when appropriate, the City's Community Sector Projects team contacts the customer to provide additional information about accessible facilities and services and provides the option to meet in-person to discuss further.

Outcome area six: People with disability have the same opportunities as other people to participate in any public consultation by a public authority.

This outcome is about enhancing and ensuring consultation and engagement strategies consider the ways in which all people can participate to inform information, strategies, or decision-making processes of an organisation.

In 2022/2023, the City of Mandurah has:

- Provided opportunities for members of the City of Mandurah Access and Inclusion Advisory Group (AIAG), to give feedback on City-led and City supported projects. Each meeting has up to three guest presentations covering projects from across the organisation. Members of the AIAG are provided with photo cards to promote discussions and to assist with questions and ideas for feedback.

The AIAG have provided feedback on the following projects over the last 12 months; Dawesville Community Centre, Environmental Strategy, Public Health and Wellbeing Plan review, Crab Fest Event access review, Coodanup Foreshore Masterplan, Eastern Foreshore toilet facility new build design, Hidden Disabilities Sunflower initiative, Accessible Paddle Launch design, MARC accessible map, City events, Giants of Mandurah, Mandurah Shared Used Trail and Wearable Arts Mandurah. AIAG members also met out of session to provide feedback on draft designs for the Eastern Foreshore playground design and draft designs for the Mandurah Estuary Duplication Bridge projects.
- Conducted a beach access review and coordination of volunteers was facilitated by Spinal Life Australia. A workshop and feedback session were hosted by the City and supported by City Officers from the Marina and Waterways and Community Sector Projects. This project provided people with disability with the opportunity to provide feedback to the City on which beaches supported an overall accessible experience. Community members with different disabilities completed feedback forms on the accessibility of a range of beaches in Mandurah south, central and north areas with the completed forms being collected by Spinal Life Australia to include in a report summarising the accessibility of existing Mandurah beaches. The findings of the report will support the City to plan for future upgrades.
- Members of the AIAG were invited to attend a City Centre parking tour with a Senior Planner from the Strategic Land Use Planning team. Members were able to provide feedback on which parking areas are most supportive to the accessibility needs of residents and visitors with disability within the City Centre.

- Project consultant from Common Ground Trails is supporting the design of the City's Mandurah Shared Use Trail and signage project which are part of the Peel-Harvey Estuary Trails project. The Shared Use Trail will include 30km shared use walking, running, wheelchair, handcycle and cycling trail and will utilise existing trails with proposed new trails to link into a loop. The vision is for a trail which includes a variety of experiences, includes accessible options and showcases the natural and cultural values of the area. It is anticipated that the shared use trail will become an attraction for visitors and provide a recreation activity for locals. The project consultant presented at an AIAG meeting and followed up with a site visit to part of the proposed Shared Use Trail for onsite feedback from members of the AIAG to support the overall accessibility of the project.

Outcome seven: People with disability have the same opportunities as other people to obtain and maintain employment with a public authority.

This outcome is about your organisation's activity in directly employing people with disability; and enhancing the recruitment and maintenance of the employment of people with disability.

In 2022/2023, the City of Mandurah has:

- The Workforce Diversity and Inclusion Strategy 2022 (WDIS) provides an overarching framework to foster diversity and inclusion within the City. The plan includes a commitment to challenge traditional workplace models to create a flexible agile workforce by reviewing flexible working opportunities such as job carving (customised employment).
- Development of the Workforce Diversity and Inclusion Working Group (WDIWG). The WDIWG have implemented an intranet page with access to information to support employees find information to support their own experience and to build a more inclusive workplace for all employees. The intranet page includes a video about the value of diversity in the workplace.

In the past year, the City has made significant strides toward creating a more accessible and inclusive community for people with disability. Crucially, the City has gained awareness of the diversity of disability and needs, extending beyond physical access and acknowledging the importance of incorporating the voices of people with disability in the planning process.

Infrastructure Asset Management Strategy

The Asset Management Strategy provides a financial overview on the various infrastructure assets under the City's jurisdiction and a review on systems or resources supporting the management of assets. The strategy is currently under review.

The Asset Management Strategy review will inform an improvement plan. The improvement plan actions identified in the strategy will prioritise infrastructure assets in the City's asset portfolio and ensure they are managed according to the agreed community service levels.

Infrastructure Asset Management Practice

The City's asset management activities include:

- Regular cycles of condition inspections of all infrastructure assets
- Collecting information on assets and maintaining asset registers in a centralised corporate enterprise system
- Updating asset registers for assets created under capital works or renewed through renewal programs
- Updating asset registers for assets created in sub-divisional developments such as new roads, parks, waterways, footpaths and drainage systems
- Mapping asset locations and providing information to the organisation to help service the community more effectively
- Completing valuations for financial and legislative reporting
- Preparing forward programs for the renewal of assets as required to meet service needs
- Preparing Asset Management Plans for the City's six Infrastructure Asset Classes and reviewing them on a regular basis

Annexure 1: Projects

Focus Area 1: Economic

Objectives

1.1. Promote and foster investment aimed at stimulating sustainable economic growth

1.2. Facilitate and advocate for sustainable local job creation, and industry growth and diversification

1.3. Actively partner and engage with business and industry to support Mandurah's entrepreneurial capacity and capability

1.4. Advocate for and facilitate opportunities for improved education, training and skill development opportunities in Mandurah

1.5. Establish and leverage opportunities with key stakeholders to achieve sustainable economic outcomes with due consideration to environmental impacts

● Above Target ● On Target ● Below Target ● Attention Required

#	Projects/Initiatives	Objective	Status	Comment	Responsibility
1.1	Waterfront Project Deliver the Mandurah Waterfront Project - Eastern and Western Foreshore and Smart Street Precinct upgrades, including playground, picnic area improvements and ablutions.	1.1, 1.3 1.5			Project Management
	Western Foreshore Play Space and surrounds		●	Western Foreshore development has been completed.	
	Eastern Foreshore South Precinct development		●	All works in the south section have been completed. Construction of the toilet block to commence in September 2023.	
	Eastern Foreshore North-Central Precinct design		●	Detailed planning for the North - Central Precinct has commenced.	
	Smart Street Precinct upgrade		●	Smart Street Precinct upgrade has been completed.	
1.2	Yalgorup National Park Partner with key stakeholders, including DBCA (Department of Biodiversity, Conservation and Attractions), to develop sustainable eco-tourism opportunities and product in Yalgorup National Park and adjacent areas. (2022/23 scope refers to "Project 1: Activating Yalgorup – Detailed Design Planning" as identified in DPIRD (Department of Primary Industries and Regional Development))	1.5	●	Northern access road cultural heritage site survey completed. Aboriginal Cultural Heritage Report and Addendum finalised and presented to project working group and Gnaala Karla Boodja (Traditional Custodians). Beach Access Management Plan workshop held with project stakeholders. Sixth Yalgorup National Park workshop held with Department of Biodiversity, Conservation and Attractions (DBCA), Peel Development Commission (PDC) and Shire of Waroona, and draft Concept Plan nearing completion.	Transform Mandurah
1.3	Trails Development Plan and develop a network of new eco-tourism and recreational trails around Mandurah and the Peel-Harvey Estuary.	1.5	●	Trails Signage Guide completed. Island Trail Concept Plan (Plan and Design) nearing completion. Riverside Gardens Paddle Launch Facility is nearing completion. Novara and Dawesville minor paddle launch works completed. Halls Head Coastal Shared Path construction is underway.	Transform Mandurah

1.4	City Centre Master Plan Develop a Master Plan to guide and facilitate the redevelopment of Mandurah's City Centre.	1.1, 1.2, 1.5	●	Community Engagement Report is complete. Place Design Principles, Wayfinding Strategy, and Movement Network plans complete; Illustrative plans for Mewburn, Museum, Civic and Town Beach projects progressed.	City Planning
1.5	City Centre Parking Plan Review the City Centre Parking Strategy and develop a new City Centre Parking Plan focused on timed parking options, signage and wayfinding and lighting with implementation to follow	1.3	●	Parking Plan has been completed.	City Planning, Development and Compliance
1.6	Tourism Development Develop a Master Plan for the Round the Estuary Trail.	1.5	●	Draft Round the Estuary Trail feasibility study and Concept Plan was developed for stakeholder feedback.	Transform Mandurah
1.7	Transform Mandurah Economic Plan Develop the new Transform Mandurah Economic Plan including the identification of priority projects to guide the growth and development of Mandurah's economy.	1.1, 1.2, 1.3, 1.4, 1.5	●	Transform Mandurah Economic Plan will be rolled into a new, holistic Economic Development Strategy for the City in 2024.	Transform Mandurah
1.8	Property Strategy Review and update the City's Property Strategy to guide future investment decisions.	1.1, 1.5	●	Stages 1 and 2 (Guiding principles, Strategy Report and land portfolio recommendations) adopted by Council in late 2022. Property Strategy Stage 3 Report consists of the following key elements, which are all nearing finalisation: - Land acquisition priority list - Site assessment criteria for disposal - Implementation plan for recommendations	Transform Mandurah
1.9	City Centre Redevelopment Undertake a Business Case for the future redevelopment of the Civic and Cultural Precinct, including the City's administration offices.	1.1, 1.2, 1.3, 1.5	●	Once finalised, the City Centre Master Plan will make recommendations on the vision for the Civic and Cultural Precinct.	Transform Mandurah
1.10	Emerging Industry Development - Creative Industries Facilitate and promote creative industries (game development, video content development/animation, post-production, audio and gaming) training and skills development in Mandurah.	1.1, 1.2, 1.3, 1.4, 1.5	●	Space Brains Sci-fi Film Festival 2023 took place on 17 June 2023 at Reading Cinemas. There were also two film industry-related workshops: - Stephen Dedman, an award-winning writer, hosted a two-hour practical writing masterclass. - Space Brains delivered a workshop on podcasting.	Transform Mandurah
1.11	Giants of Mandurah Support the delivery and programming for the 'Giants of Mandurah' project.	1.5	●	Sculptures and official program were launched successfully. The City continues to manage site improvements and monitor public feedback around visitation. In December, fire destroyed one of the sculptures. The structure was rebuilt during May 2023.	Festivals and Events

The Heads of Agreement is progressing.	City Planning

1.13	Integrated Transport Strategy Develop and maintain an Integrated Transport Strategy (ITS) and underpinning Transport Plans.	1.3	●	Final Plan to be presented to Council in early July 2024	City Planning Technical Services
1.14	Brand Campaign Develop and deliver a brand campaign for Transform Mandurah to promote investment (Government and Private), business and lifestyle opportunities.	1.5	●	Further work on a new investment attraction/ brand campaign will commence once the Economic Strategy Development is completed.	Transform Mandurah
1.15	Entrepreneurial Capacity Building Promote and support small business entrepreneurship in Mandurah.	1.3	●	The inaugural 'Start-up Smart' entrepreneurial program spanned eight weeks, with 25 participants (representing 23 businesses) from February 8 to March 29, 2023. Additionally, there are currently nine participants on a waitlist. Preparations for the second Start-up Smart program are in progress, with an expected commencement date of 1 August 2023.	Transform Mandurah
1.16	Emerging Industry Development - Decarbonisation / Climate Adaptation Support the development of the Perth and Peel Hydrogen Cluster and advocate for opportunities for Mandurah.	1.1, 1.2, 1.3, 1.4, 1.5	●	The City continues its backing of the Perth and Peel Hydrogen Cluster. It has recently communicated its acceptance of the offer from the newly established cluster entity to become a founding member at no expense. The application for the WA Hydrogen Innovation Precinct (H2IP) Leverage Fund has been submitted to DPIRD, with the City's support for conducting a business case.	Transform Mandurah
1.17	City Events Program Deliver the City of Mandurah's events program including Channel 7 Mandurah Crab Fest, the Winter, Summer and Christmas in Mandurah programs, and the New Year's Eve and Australia Day celebrations.	1.5	●	The City successfully delivered the events program including Winter in Mandurah, Christmas in Mandurah, Australia Day Citizenship Ceremony, Top of the Terrace events, Mandurah Fringe Festival and Channel 7 Mandurah Crab Fest.	Festivals and Events
1.18	Calendar of Events Develop and promote Mandurah's annual calendar of events.	1.5	●	An annual calendar of events has been created and shared with the business community. The list of major events is now available on the Transform Mandurah page on the City's website. Updates to the event listings will occur on a quarterly basis.	Festivals and Events
1.19	Tourism Development - Visit Mandurah Investigate options for alternative income streams for the continued support of Tourism Development - Visit Mandurah.	1.5	●	Business Case developed and approved by Council. Licence approved and Management Agreement developed.	Property Services, Financial Services
1.20	Peel Health Campus Structure Plan Review Progress a review of the Mandurah East Structure Plan, including land uses and transport networks in and around the Peel Health Campus arising from the proposed redevelopment of the site.	1.1, 1.2	●	The government's announcement regarding the transfer of the hospital to public management has caused a delay in the progress of the proposed redevelopment. A meeting has been conducted with the adjoining landowner to discuss redevelopment options. Project planning is scheduled to commence in 2024.	City Planning

Focus Area 2: Social

Objectives

- 2.1. Promote safety within the community through urban design
- 2.2. Promote a positive identity and image of Mandurah based on its unique lifestyle offering
- 2.3. Facilitate opportunities that promote community led initiatives by building resilience, local capacity and the contributions of young people
- 2.4. Promote and encourage community connection to create social interaction and a strong sense of belonging
- 2.5. Provide a range of social, recreational and cultural experiences for our residents and visitors to enjoy and take pride in
- 2.6. Provide diverse and sustainable places and spaces that enable people to lead an active lifestyle

● Above Target ● On Target ● Below Target ● Attention Required

#	Projects/Initiatives	Objective	Status	Comment	Responsibility
2.1	Dawesville Community Centre Plan and deliver the new Dawesville Community Centre.	2.4	●	Design works completed. Completed construction tender documentation completed. Project is expected to commence in early 2024.	Project Management
2.2	Mandurah Performing Arts Centre Refurbish (Internal) Mandurah Performing Arts Centre.	2.5	●	Carpet replacement, as well as dressing room and back of house refurbishment complete. Final works to be completed following school holiday use at the venue.	Project Management
2.3	Billy Dower Youth Centre Refurbish the Billy Dower Youth Centre (BDYC) to accommodate a growing youth population – deliver a Concept Plan for potential work.	2.1, 2.3, 2.6	●	Project deferred until the Rushton Park Master plan is completed. Structural assessment of BDYC completed.	Youth Development
2.4	Dawesville Community Centre Management Model Create a management model for the Dawesville Community Centre that adopts a community activation and place-based approach.	2.4, 2.5, 2.6	●	The drafting of the report has been postponed pending the finalisation of the facility tender and timing. The report is expected to be completed in 2023/24 financial year.	Community Development
2.5	Place Enrichment Strategy Develop and implement a Place Enrichment Strategy.	2.3, 2.4	●	Strategy finalised and ready for public feedback. Due to be presented to Council in August 2023.	Community Development
2.6	Assertive Outreach Deliver a two-year trial Assertive Outreach Project and provide final advocacy report to State Government.	2.3	●	The contract with St Pats concluded in Q4 2022/23. The City has offered a four-month contract while awaiting funding advice. A grant has been applied for through WA Police.	Community Development
2.7	Common Ground Project Progress the Common Ground Project with the State Government.	2.1, 2.3	●	The State Government has confirmed a delay in the original timeline for delivery of Common Ground. The City will continue to liaise with the State Government.	Community Development

2.8	Local Men's Sheds Implement the Men's Shed Strategic Report and develop and support Men's Sheds in the northern, southern and central corridors of Mandurah.	2.1, 2.3, 2.4	●	City Capital funds have been secured as a contribution to the Falcon Men's Shed. The City continues to investigate suitable sites for a proposed Central Men's Shed.	Community Development
2.9	Mandurah Museum Precinct Plan Develop a Mandurah Museum Precinct Plan including a five-year minor works and activations strategy.	2.5	●	Advancement in the City Centre Master Plan includes the development of the site and progress in the early concept planning.	Library and Heritage Services
2.10	Archaeological Digs Implement a series of archaeological digs to search and explore for artefacts.	2.3, 2.4, 2.5	●	A scoping document for four potential dig sites has been prepared, and project engagement is currently in progress.	Library and Heritage Services
2.11	Age Friendly City Initiate the Age friendly City model for seniors which promotes socially connected, healthy and active ageing.	2.3, 2.4, 2.5	●	Age Friendly strategic direction drafted for consideration in 2023/24.	Seniors and Community Centre, Community Capacity Building
2.12	Commission Major Public Artworks Review existing public artwork. Align any new artworks with the Arts, Culture and Heritage Strategy.	2.1, 2.3, 2.5	●	Two murals are being commissioned for the Falcon Bay ablution block and Mandurah Library. Commissioning of artwork for the new Eastern Foreshore ablution block is underway.	Arts and Culture
2.13	Community Infrastructure Plan Review and update the Mandurah Active Recreation Strategy and Social Infrastructure Plan to develop a consolidated "Community Infrastructure Plan" for Mandurah.	2.3, 2.5, 2.4, 2.6	●	Updated draft plan being developed.	City Planning
2.14	Mandurah Homelessness and Street Present Strategy Implement and review the Mandurah Homelessness and Street Present Strategy.	2.1, 2.3, 2.4	●	Strategy implementation progressing. Key advocacy work being undertaken.	Community Development

	Deliver Maintenance Program (% Budget)	●	Annual maintenance program completed.	Operations Services (City Parks)
Fleet Management Management of the City's fleet of vehicles, plant and equipment including acquisition and disposal (new and replacement capital program) and repair and maintenance activities	Review of Asset Management Plan (AMP to be reviewed bi-annually)	●	Fleet Asset Management Plan completed.	Operations Services (City Fleet)
	Rolling 10 year Fleet Replacement Program completed (zz Complete)	●	Rolling 10-year Fleet Replacement Program completed.	
	Deliver Capital Program (% Budget)	●	Capital program 82 percent completed, however there has been delays in the delivery.	
	Deliver Maintenance Program (% Budget)	●	Fleet Maintenance Program completed.	
	Reduction in carbon emissions for Light Passenger Vehicle Fleet (average reduction per vehicle per annum)	●	Proposed reductions have been met or exceeded, dependant on individual vehicles, due implementation of purchasing criteria (i.e. Co ² Tonne per kilometre)	Operations Services (City Fleet), Environmental Services

Waste Management				
Waste Management Planning Review and implement the City's Waste Management Plan	Implement the Waste Management Plan action plan	●	Progressing with actions within Waste Plan.	Waste Management
	Develop and implement the Community Engagement and Education Plan	●	Waste Education Plan endorsed by Council in May.	
Manage the Waste Management Centre and the Tims Thicket Inert Landfill Manage and operate the Waste Management Centre and the Tims Thicket Inert Landfill	% waste diversion from landfill	●	27.3% of waste was diverted from landfill during the period.	Waste Management
Waste Collection Manage household and community waste collection services including weekly waste collections, fortnightly recycling, verge collections, public bin collections, illegal dumping and dead animal collections	Community Perception - Weekly rubbish collections (Index Score)	N/A	Survey conducted biennially. No survey undertaken in 22/23.Next survey is scheduled for 2024.	Waste Management
	Community Perception -Fortnightly recycling collections (Index Score)			
	Community Perception - Verge-side bulk waste collections (Index Score)			
Marina and Waterways				
Coastal and Marine Planning Coastal and marine planning to ensure the protection and enhancement of the City's coastal and marine built and natural environment	Develop and implement the Coastal Hazard Risk Management and Adaptation Planning (CHRMAP) for the Northern Beaches	●	CHRMAP was adopted by Council in November 2022.	Marina and Waterways
	Investigate funding opportunities to undertake Hazard Risk Management and Adaptation Planning for the Southern Beaches and Estuarine and Riverine environments	●	Funding application successful and project to commence in late 2023.	

Tactical and Operational Asset Management Planning for Coastal and Marine Infrastructure Assets Tactical and operational planning for the management of the City's coastal and marine infrastructure and natural waterway assets through condition monitoring and the planning, programming and scheduling of maintenance works and the planning and programming of forward works for replacement, renewal, upgrade and new infrastructure assets including the development of ten year outline and three year detailed capital works plans to meet agreed performance targets, aligned with strategic asset management planning and the LTFP	Rolling 10-year Capital Works Programs completed (%)	●	Renewal program progressed with high priority projects listed and outline scope of works with cost estimates. Condition assessments for remaining coastal and marine assets underway to determine if any changes to condition that require inclusion in the program.	Marina and Waterways
	Development and review of Operational Plans for Coastal and Marine Infrastructure Assets	●	Works scheduling drafted and being reviewed. Activity standards currently being drafted.	
Maintain Coastal and Marine Infrastructure and Natural Assets Maintain the City's coastal and marine infrastructure and natural assets including protection structures, jetties, boat ramps and waterways (including sand monitoring and management i.e.. bypassing and dredging) to meet agreed performance targets	Deliver Capital Program (% Budget)	●	80 percent delivered. Projects substantially progressed and/or nearing completion.	Marina and Waterways
	Deliver Capital Program (% Projects)	●	80 percent delivered. Projects that could be completed in Q4 substantially progressed and/or nearing completion. Projects that could not be completed have either been carried over or will be re-prioritised in the 10 Year Renewal Program	
	Deliver Maintenance Program (% Budget)	●	90 percent delivered. Sand bypassing completed.	
Manage the Mandurah Ocean Marina (MOM), Chalet Park and Mary Street Lagoon Manage the MOM and Chalet Park including the pen holder bookings, jetty maintenance, grounds maintenance and Chalet Park Management Contract	Mandurah Ocean Marina and Chalet Park occupancy rate (%)	●	Average occupancy rates in the Chalet Park (50%) and consistent occupy rate in the Mandurah Ocean Marina (80%).	Marina and Waterways, Visit Mandurah
Environmental Services				
Environmental Planning Environmental planning to ensure the protection and enhancement of the City's landscaped and natural environment	Develop and implement the Environment Strategy and associated Environmental Plans (%)	●	Strategy and implementation plan drafted and undergoing community consultation in late 2023.	Environmental Services
	Implement the Greening Mandurah Framework action plan (%)	●	Targeted street tree planting in Madura Bay completed (225 street trees planted).	Environmental Services, Operations Services

Tactical Asset Management Planning for Parks Infrastructure Assets Tactical planning for the management of the City's parks infrastructure assets through asset condition monitoring the planning and programming of forward works for replacement, renewal, upgrade and new infrastructure assets including the development of ten year outline and three year detailed capital works plans to meet agreed performance targets, aligned with strategic asset management planning and the LTFP	Rolling 10 year Capital Works Programs completed (%)	●	10-year outline renewal program developed with 5 year detailed renewals identified. Structural condition assessment completed for priority boardwalk assets.	Landscape Management
	Community Perception -Streetscapes (Index Score)			Operations Services, Environmental Services
	Community Perception -Lighting of streets and public places (Index Score)	N/A	Survey conducted biennially. No survey undertaken in 22/23.Next survey is scheduled for 2024.	Operations Services, Environmental Services
	Community Perception - Sport and recreation facilities (Index Score)			Technical Services, Operations Services
	Community Perception -Playgrounds, parks and reserves (Index Score)			Operations Services, Environment
Strategic, Tactical and Operational Asset Management Planning for Bushland, Foreshore and Planted Natural Assets Strategic, tactical and operational planning for the management of the City's natural land based assets through asset condition monitoring and the planning, programming and scheduling of management and maintenance works including the development of Bushland Management Plans, Foreshore Management Plans and Public Open Space Management Plans to meet agreed performance targets, aligned with Strategic and Corporate objectives and the LTFP	# of new Bushland Management Plans developed	●	Elegant Sartorial plan developed and endorsed by MEAG.	Environmental Services
	# of existing Bushland Management Plans updated	●	Includes Alder, Belles Block, Gumnut, Herron, Touchstone E, Touchstone W, Herron Reserve, Westbury Way, Enchantress, Dawesville East, Dawesville West, Tims Thicket, Harry Perry, Janis, Koolyanga, St Ives, Riverside, Paraguay, Beacham and Shirley Joiner, Josephine te-puni, Victor beacham, Island Point, Meadow Springs, Hexham Linville, Tindale. 27 existing Bushland Management Plans updated.	
	# of new Foreshore Management Plans developed	●	Two new Foreshore Management Plans developed during the year - Roberts Point and Town Beach coastal plans developed and endorsed by MEAG.	
	# of existing Foreshore Management Plans updated	●	Seven existing Foreshore Management Plans updated during the year, including Pyramids, Nairns, Tims Thicket West, Seascapes A,B, C and Falcon Coastal.	
	# of new Public Open Space Management Plans developed	●	Open space asset renewal program being developed, which will largely inform Public Open Space Management Plan work.	Landscape Management
	# of existing Public Open Space Management Plans updated	●	Open space asset renewal program being developed, which will largely inform Public Open Space Management Plan work.	
	Community Perception -Conservation and environmental (Index Score)	N/A	Survey conducted biennially. No survey undertaken in 22/23.Next survey is scheduled for 2024.	Operations Services, Environmental Services

Landscape Infrastructure Design and Construction Design and construction of park and landscape infrastructure assets aligned to agreed performance targets, tactical and operational asset management planning and the LTFP	Deliver Capital Program (% Budget)		90 percent completed. Majority of projects are completed, and others significantly progressed.	Landscape Services
	Deliver Capital Program (% Projects)		85 percent completed. Majority of projects are completed and others significantly progressed.	
	Community Perception -Streetscapes (Index Score)	N/A	Survey conducted biennially. No survey undertaken in 22/23.Next survey is scheduled for 2024.	Environmental Services, Operations Services
	Community Perception -Lighting of streets and public places (Index Score)			
	Community Perception - Sport and recreation facilities (Index Score)			
	Community Perception -Playgrounds, parks and reserves (Index Score)			
Carbon Emission Management Plan and facilitate ongoing mitigation of carbon emissions, including the signing of the Power Purchase Agreement alternative to procure renewable energy	% of clean energy used by the City of Mandurah		37 percent clean energy used by the City of Mandurah during the year. This figure is the modelled figure with consideration of the power purchase agreement.	Environmental Services
Environmental Education and Volunteering Management Deliver environmental education programmes and engage community in environmental volunteering such as the Kids Teaching Kids conference, National Tree Day, Embrace a Space	# of opportunities created for the community to increase awareness of environmental issues and participate in environmental activities		Thirty opportunities created during the year. Engagement conducted on the Environment Strategy with the Youth Advisory Group, Access and Inclusion Advisory Group and Elected Members, two MEVA events, two urban lakes workshops (Sirocco Lake and Candelo Lake), Black Cockatoo Crisis screening, Giants of Mandurah planting event, Roberts Point planting event, and six Embrace a Space plantings.	Environmental Services
Environmental Compliance Ensure the City has appropriate approvals (e.g. clearing permits and licences) for all works undertaken	Number of active investigations into breaches of environmental regulations		No breaches found.	Environmental Services
Sustainable Water Use Management Facilitate sustainable water use across the City including through verge makeover program, facility water audits and Waterwise Council Action Plan implementation	Maintain compliance with Groundwater allocation licenses (%)		Eight of nine licenses fully compliant. One license over allocation by a minor amount. DWER notified and awaiting final water consumption report.	Environmental Services
	Maintain Waterwise Council accreditation (Yes/No)		Re-endorsement of Waterwise Council status confirmed. Waterwise verge program commenced in Q4. Re-accreditation to be sought in October 23.
