

Accessible waste services

We offer a range of bin services to support residents with different access needs. You can apply for any of the following services based on your needs.

1. Tactile bin lids

Bin lids with raised symbols to help residents identify their kerbside bins

Square = general waste

Triangle = recycling

2. Accessibility stickers

Star stickers let drivers know to return bins to the same spot after collection.

3. Assisted bin collection

Residents unable to move their bins due to disability or illness can apply for this free service.

To apply, submit a written request with support from a medical professional.

These services are part of our commitment to making waste management more inclusive and accessible for people with disability in our community.

To apply for one or more of these services, or to learn more, please contact the City of Mandurah:
